in Weekly Sale

By UNITED PRESS
Butter and egg prices on the
Chicago Mercantile Exchange
again had advanced today to new
peaks for the last six years, as
snow-blocked roads held supplies
far below normal.

February butter futures touched
34 1/2 cents a pound, the highest
point since Feb. 17, 1930. February
fresh graded first eggs opened
at 26 1/2, a fraction below the six
year top.

NEW YORK, Feb. 20.—(UP)—
Stocks were irregularly higher
around noon today following a
mid-morning recovery that was
active enough to cause tickers to
lag several minutes.

Railroads Again High
Railroad issues as a group were
the best performers. New highs
were made by Union Pacific at
131 1/2 up 3 1/2; Northern Pacific
35 1/2 up 2; Pennsylvania 38 up 1;
and Delaware, Lackawanna &
Western 21 1/2 up 2. New York
Central gained a point and Atchafalaya
nearly a point.

Motor shares were bid up and
oil had another rally. Johns
Manville rose a point to a new
high in the building section. U. S.
Steel gained nearly a point to
63 1/2 and held most of the gain.
Douglas rallied after touching
69 1/2 of 2 1/2 points. The company
yesterday failed to take action on
its dividend due at this time but
most traders anticipated such pro-
cedure while the company used
its funds for working capital to
turn out large accumulations of
orders.

Utilities Recover
Utilities recovered after an early
decline. Corn products jumped 3
points in its section. Du Pont made
a small gain. Weak spots included
Loew's which made a new low for
the year with a loss of more than
2 points and Westinghouse Electric
down more than a point.

Farmers, who braved arctic
blasts to get their hogs in the
local livestock sale Wednesday,
obtained the highest prices paid
on the local market this year.
Good to choice hogs ranged
from \$11.15 to \$11.25, lights \$10.20
to \$11.15, and heavyweights, \$10.40
to \$10.55. A total of 460 were run
through the sale.

Medium to good cattle sold from
\$6.90 to \$7.45, and calves \$11 to
\$12.50. Cattle receipts totaled 175,
calves, 45. No sheep and lambs
were listed.

Farm Bureau employees reported
the hog market was 15 to 50
cents lower Thursday morning.

MRS. ALICE DRESBACH, 81,
DIES IN COLUMBUS HOME

Mrs. Alice Stage Dresbach, 81,
widow of Wilson Dresbach, died
early Wednesday at her home, 30
Hubbard-ave., Columbus. She is
known in the county having many
relatives here and having resided
here a number of years ago.

She is survived by three sisters,
Mrs. Josephine Stein, Mrs. Jennie
Betz, and Miss Evaline Stage, all
of Columbus.
Funeral services will be held
Friday at 2:30 p. m. at the home
with interment in Green Lawn
cemetery.

VILLAGE CUTTING ICE
FOR COMMERCIAL USE

Residents believe the ice jam
in Deercreek at Williamsport will
remain until warmer weather
brings a thaw and swells the
stream. Some ice 20 inches thick
has been cut for commercial use.

Thanks Governor for "Daddy"

HER "DADDY" saved from prison when Gov. Frank D. Fitzgerald of Michigan heeded her plea, Betty Jean Owsley, 8, of Detroit, thanks him in Lansing. Governor Fitzgerald refused to sign extradition papers which would have sent the daddy, Clarence Howard Owsley, back to the Pennsylvania prison from which he escaped 11 years ago. Owsley and his wife have a small window shade store in Detroit.

C. A. C. MINSTREL STATE TO SEEK
BEGINS AT 8:15 CAUSE OF FIRE

Ebert Has Important Role; to
Be Repeated Friday

Circleville's first minstrel in a
number of years will be held
Thursday and Friday evenings at
the Grand theatre with the Circle-
ville Athletic Club putting on the
show. The curtain goes up at 8:15,
and from then on action will be
fast and pleasant.

Ed C. Ebert, a veteran in local
minstrelsy, will be the interlocutor
with Joe Lynch and a number of
other home-talent favorites having
important roles.
Reserved seats for the two
nights have been on sale at the
Grand ticket office for two days,
and reports are that well-filled
houses will witness both presenta-
tions.

Many of the cast members, those
who could remain away from
work, were sleeping Thursday
after rehearsing until 4 a. m. The
drills started at 11 p. m. Wednes-
day and continued five hours.
Friday evening a well-known
musical organization, the Good
Will quartet from Clarksburg will
be included in the program.

WPA PAY BOOST
NOT IN EFFECT
UNTIL MARCH 1

The WPA pay increase of 10
per cent will not become effective
in Pickaway-co until Feb. 29, ac-
cording to information obtained in
Chillicothe Wednesday by Vat-
tier Courtright, local field engi-
neer.

Mr. Courtright explained the
pay increase is effective on the
first pay period on or after Feb.
16. It applies only to those on
the security wage rate and does
not apply to foremen. The rate
here is \$44 a month for labor, \$50
for intermediate workers, \$63 for
skilled and \$69 for professional.

and a granddaughter, Lena An-
derson Davis, Franklin, Pa.
John T. Dick is named executor
in the will, written Jan. 9, 1935.

FAMED AVIATOR
TELLS EMBASSY
REDFERN ALIVE

Flyer, Lost on Long Distance
Flight to South America,
Held By Natives

NEWS IS INDEFINITE

Brazilian Officials Hear
American is Recognized
as "God" By Tribes

WASHINGTON, Feb. 20.—(UP)—
Art Williams, American flier,
believes Paul Redfern, lost on a
long distance flight to South
America, is being held prisoner in
an Indian village in North Brazil,
the state department was advised
today by the American embassy in
Rio De Janeiro.

The embassy's information was
based on telegrams from Brazilian
and British boundary officials in
the jungles who had talked with
Williams.

Talked With Indians

Williams had not seen Redfern
or obtained definite information as
to his whereabouts, but talks with
Indians had convinced him that
Redfern was still alive. Plans were
made to continue search for the
missing aviator.

According to reports from the
British mission in British Guiana
to the embassy in Rio De Janeiro,
Williams believed Redfern's plane
and perhaps the aviator himself
were near the village of Sopokot
or the village of Duniya, both near
the Brazilian boundary, the ad-
vices said.

These reports were to the effect
that both Redfern's legs were
broken in the crash and that he
was held captive by natives who
considered him a "God" and re-
fused to permit or aid him in re-
turning to civilization.

Expeditions Failed
Several expeditions have at-
tempted to confirm these reports,
including recent airplane parties.

CANNING PLANT
FLAMES HALTED
BY QUICK WORK

Alertness of George Lumpe,
watchman, and speedy work by
firemen prevented serious loss
Wednesday evening at the Sears
& Nichols warehouse, S. Washing-
ton-st.

Employees reported they had
smelled smoke in the building for
several days but were unable to
find the source. Mr. Lumpe dis-
covered the fire about 6 p. m.
when it ate through a heavy beam
supporting the floor of the ware-
house. He telephoned firemen and
the blaze was extinguished with
chemicals and a water tank on the
truck before it gained headway.

Firemen reported the fire start-
ed from an ash pile outside the
building. They estimated damage
at \$25.

HEALTHERS TO MEET

Special meeting of the County
Board of Health was called Thurs-
day afternoon. One of the principal
matters to be considered by the
board was the Commercial Point
diphtheria cases.

PRESIDENT'S SON CHOSEN
AS SCHOOL CHORUS GIRL

CAMBRIDGE, Mass., Feb. 20.—
(UP)—John Roosevelt, the presi-
dent's youngest son, is doing
plenty of kicking. It's all part of
the routine which he is rehearsing

nual show at Harvard. At try-
outs yesterday, six-foot John was
accepted as a chorus girl.

SNOW AND RISE
IN TEMPERATURE
SEEN FOR OHIO

Alexander Predicts Immediate
Relief Although Mercury
Skids in City

Circleville's temperature early
Thursday again skidded below
zero. Dr. H. R. Clarke's new
thermometer said "minus six."

By UNITED PRESS
Immediate relief from sub-zero
temperatures of the last three
days was promised Ohioans today
by W. H. Alexander, state mete-
orologist.

The forecast for tonight and
Friday was for cloudy weather
with slowly rising temperatures.
Indications were the rise in tem-
peratures would bring additional
snow to the state.

The low recording expected to-
night was between 10 and 12 de-
grees above zero.

For the third straight night
temperatures Wednesday fell be-
low the zero mark. The low rec-
ording at the state weather bureau
was one degree below.

The continued zero weather in-
creased the ice jam in rivers
throughout the state. Veteran
rivermen said the floes were the
heaviest since 1918.

CHICAGO, Feb. 20.—(UP)—
Huge toboggans were packed with
food and fuel at Manitowoc, Wis.,
today for a slide over ice-encrusted
drifts to the snowbound village of
Two Creeks, 18 miles north.

Volunteers on skis and snow-
shoes planned to glide and mush
northward with supplies for the
score of villagers who have been
isolated for two weeks. Coal sup-
plies were reported exhausted and
there was little food left in the
hamlet.

Temperatures remained far be-
low normal over the entire nation

STUDENTS MEET
TO ATTACK VETO
ACTION OF DAVEY

COLUMBUS, Feb. 20.—(UP)—
Massed protest by more than 2,
000 Ohio State university stu-
dents against Governor Davey's re-
duction of the university budget
by more than half a million dol-
lars was voiced at a student meet-
ing today.

Campus leaders spoke at the
mass meeting urging the state leg-
islature to override the governor's
appropriation vetoes.

A resolution "for the people of
Ohio" was adopted by the stu-
dents, protesting the reduction. It
was submitted by the united stu-
dent protest committee and read by
Richard M. Shaman of Dayton.

Murderer at 14

"I'D DO it again if I had to,"
Louis Toontas, 14, tells
Reading, Pa., police as they in-
terrogate him on the slaying
of his father. Police say Louis
told them: "Father beat me,
so I shot him. I planned the
slaying for two weeks." Mean-
while, a warrant was sworn out
charging the boy with murder.
The shooting took place in the
Toontas home, following which
Louis fled. He was captured
two days later near Pottsville,
Pa.

KIP RHINELANDER
DEAD IN GOTHAM

Prominent Man, Who Married
Quadroon, Dies at 33

LONG BEACH, N. Y., Feb. 20.—
(UP)—Leonard Kip Rhine-
lander, 33, socially prominent New
Yorker whose marriage 12 years
ago to a negro taxi-driver's daugh-
ter attracted nation-wide atten-
tion, died here today.

Rhineland, member of one of
America's old families, subsequent-
ly divorced his quadroon wife,
Alice Beatrice Jones, in Las
Vegas, Nev.

The divorce was obtained after
he failed to obtain an annulment
in a sensational court hearing in
White Plains.

WOMAN IS STILL
WILLING TO ACT
IN BRUNO'S CASE

WASHINGTON, Feb. 20.—(UP)—
Mrs. Evalyn Walsh McLean said
today she still is "intensely in-
terested" in the case of Richard
Bruno Hauptmann but doesn't
see anything else she could "pos-
sibly do" to aid him.

Mrs. McLean was swindled out
of \$100,000 by Gaston Means with
a story he could find the kid-
naped son of Charles Lindbergh.
She recently interested Samuel
Leibowitz in Hauptmann's case.

She said the withdrawal of Lei-
bowitz from the case was in ac-
cordance with their understand-
ing that he would not defend
Hauptmann unless the German
carpenter "talked."

"I still don't think that all of
the details have been cleared up,"
Mrs. McLean said. "For instance,
I don't see how it could have
been a one-man job. But I don't
see what else I could possibly do."

COUNCIL CALLS SAFETY DIRECTOR
ON 'CARPET' AS RELIEF EXPENSE
FAR EXCEEDS ITS APPROPRIATION

Caskey Instructed by Resolution to Meet With
Finance Committee Before Spending Any
More With Treasury Nearly Empty

Nearly All Members of Body Object to Orders
Being Granted Without Official Approval

Safety Director Charles Caskey will be called on the
"carpet" before council's finance committee within a few
days for instructions concerning handling relief cases, and
to explain the unauthorized expenditure of relief funds.

A motion calling the meeting was unanimously ap-
proved by council Wednesday night after reports were
received that council's appropriation of \$100 for the first
three months had been exceeded "between \$150 and
\$200."

The report was given the city dads by Ben Gordon,
chairman of the finance committee. "If they go ahead and
spend money without it
being appropriated, what
is the need of us being up
here," he said. "An appro-
priation of \$100 was made
for the first three months. I
realize since the cold weath-
er a lot of relief has been needed,
but we are still paying on former
relief debts, and now we don't
even have enough money to
carry the city government. If the
city were financially able it would
be different. I think we had bet-
ter put a stop to relief."

Others Make Remarks
His report brought four other
councilmen to their feet to make
remarks.

"I feel the same as Mr. Gordon,"
said C. O. Leist. "It looks foolish
to appropriate funds unless they
stay within the appropriation.
We should call a halt on this, and
not approve any more bills."

"Where there is sickness or lit-
tle children to care for, some sort
of relief is needed but I believe
some definite arrangement should
be made for handling it," said Tull
Barnes.

"I think it's about time to tell
the safety director what he can
and can't do," H. L. Steinhauser
said. "He can't give some men
two and three orders a week."

Before more remarks were made
about the situation Councilman
Julius Helwagen recommended the
safety director consult the finance
committee.

"He should be stopped until he
does talk with the committee," he
said. "He should have an under-
standing with us and I move he be
held up on relief until he does
receive instructions from the com-
mittee."

Approved by All
The motion of Mr. Helwagen
was seconded by Steinhauser and
approved by all councilmen.

Mr. Gordon said no definite date
had been set for the meeting but
it would be held "within a few
days."

Neither Mayor W. J. Graham
nor Mr. Caskey attended the coun-
cil meeting.

TAMMANY TO SUPPORT
F. D. R. SAYS MAHONEY

WASHINGTON, Feb. 20.—(UP)—
"The Tammany delegation will be
for President Roosevelt at the
Democratic convention, Jeremiah
T. Mahoney, a delegate, said today
on leaving the White House.

"How about Alfred E. Smith?"
he was asked.
"He can speak for himself," was
the reply.

Mahoney predicted that Mr.

MAYOR REDUCES
PAYROLL BY 140

Gessaman Also Expects to
Lay Off 200 Workers

COLUMBUS, Feb. 20.—(UP)—
Mayor Myron Gessaman today an-
nounced dismissal of 140 city em-
ployees and his intention to lay off
200 policemen and firemen be-
cause of the financial situation
precipitated by voters' refusal to
approve a special three-mill levy.
Dismissals announced so far are
in various branches of the city's
safety and service departments.

BLANKS TO FILE
PERSONAL TAXES
CAN BE OBTAINED

Filing of personal tax returns
for 1936 was started at the county
auditor's office Thursday. Blanks
were received by the office Wed-
nesday afternoon.

Residents filling out their re-
ports may pay either half of the
tax or the whole tax to the county
treasurer. The final day for filing
returns is March 31.

STOUTSVILLE CHILD, FIVE
WEEKS OLD, DIES AT HOME

David R. Conrad, five-weeks-old
son of Mr. and Mrs. Charles E.
Conrad, Stoutsville, died Wednes-
day afternoon.

Besides the parents, three sisters
and one brother survive.

The funeral will be Friday at
1:30 p. m. at the home with Rev.

All Varieties of Weather Presented Community

By FRANKLIN KIBLER

Take a group of Pickaway
countians, give the globe in your
study a whirl, select a far away
spot at random and it's a safe
bet you can transplant those resi-
dents on that finger mark and
they'll thrive.

After taking everything the
skies had to offer during the last
year, except volcanic ashes and
salt water, those residents are
hardened to every element King
Weather has in his bag of tricks.

Breaking weather records in
this county is like any other pas-
time, too much of it becomes tire-

some. During the last year re-
cords dating back to the opening
of a local weather bureau have
toppled so fast Dr. H. R. Clarke
has difficulty finding one that
isn't at least slightly cracked.

Stories For Grandchildren
Residents, who have kept a
weather history of this county for
the last twelve months, will have
more to tell their grandchildren
than grandpas of today can recall
in weeks of fireside whittling
matches.

Last summer the mercury took
a course in aviation, soared so
crazily it knocked over records of
past years and the only fun left

for the weatherman was breaking
records of the day before. Heavy
rains prevented threshing and
many farmers saved what until
winter before it was in a fit con-
dition to run through the separa-
tors.

Some of the worst wind and
electrical storms in weather his-
tory went on last year's records.
Trees were torn out by the roots,
telephone poles were broken and
roofs sailed away over many sec-
tions of the county.

Then Came Floods
High-waters flooded low dis-
tricts and one of the best corn
crops in many years was heavily

damaged. Livestock was lost in
the high waters. The odor of
decayed corn floated over rural
roads along the river bottoms.
Mosquitoes were so thick residents
played a game of counting and
comparing "bites." Frogs from the
lowlands apparently decided the
place wasn't healthy and started
migrating. On several nights
hundreds were found dead on
Route 23 north of the city.

After a fall "breathing spell"
Old Man Winter coasted into town
on Christmas with a blizzard fur-
nishing the motive power and
knocked over records back to 1918.

LEIBOWITZ QUILTS; BRUNO'S FATE UP TO HOFFMAN

ATTORNEY SAYS OUTLOOK DARK; FISHER WORRIES

Noted Criminal Lawyer Tells Reporters He Believes Hauptmann is Guilty

TRENTON, N. J., Feb. 20.—(UP)—Bruno Richard Hauptmann's life is in the hands of Governor Harold G. Hoffman today. Unless he grants another reprieve, Hauptmann's hair will be shaved five weeks from now and he will be taken out of cell nine in the state prison death house and electrocuted for the murder of Charles A. Lindbergh, Jr.

One lawyer has deserted him—Samuel Leibowitz, "the great mouth piece" who has saved 112 men from the electric chair. He walked out of the case admitting he was unable to break Hauptmann and saying he believed him guilty. There may have been accomplices, in Leibowitz's opinion, but there is no question in his mind but that Hauptmann is neck deep in the Lindbergh crime.

Fisher Sees Dark Outlook

Red-eyed from loss of sleep and despairing at the sudden turn of events, C. Lloyd Fisher of Flemington, the one lawyer who has stuck to Hauptmann through the best and the worst, admitted today that "the outlook is dark."

Fisher sat silent, slumped in a chair, while Leibowitz—choosing his words carefully—said the legal chess game was over; that Hauptmann's only chance for life was "making a clean breast of whatever guilty participation he may have had in this crime."

That threw the whole case back into Hoffman's lap. New Jersey law says he can grant reprieves totalling 90 days. He already has used 30 days, and is not inclined to grant a further reprieve unless new evidence is found.

Leibowitz and Fisher agreed

Secretary Long, Senator Long

ONE of the first duties of Senator Rose McConnell Long of Louisiana upon assuming a seat in the upper house was to appoint her daughter, Rose Lolita Long, left, her secretary. The two are shown in Senator Long's Washington office.

there wasn't any new evidence.

"We have brought home to Hauptmann in unmistakable language," Leibowitz said, "the plight that confronts him. He understands that at the present moment there is not available that newly discovered evidence that the law demands before any court of this state will grant him a new trial."

Fisher nodded in agreement. With that Leibowitz washed his hands of Hauptmann and took a train for New York where he has a phenomenal record for winning acquittals in homicide cases.

Condon May Come Home

Hoffman has one more card to play. He is considering appealing to Dr. John F. Condon, the Jafise of the ransom negotiations, to come back from Panama and answer questions. Specifically, to answer the question of why he said at Flemington that Hauptmann was the only person involved whereas earlier he said he thought a gang was involved.

It would be a desperate card, but Hoffman is ready for a desperate play, even if he will not be able to explain why he allowed Condon to wander through New York and New England for months and never evinced any interest in him until he went to the Canal Zone for a mid-winter vacation.

It was a strange scene into which newspaper men walked last night on the fourth floor of a Trenton hotel.

Leibowitz, just returned from the prison after a four-hour struggle with Hauptmann, had thrown himself on a bed, limp and perspiring. Lines of fatigue were heavy on Fisher's face. They ordered dinner, and Fisher finished with a strawberry sundae. Then they sent out word they were ready to talk.

"Lock the door," Leibowitz said. The lock snapped and there was a rustle of note paper from the half circle of newspaper men. Leibowitz put on his coat long enough for photographers to take pictures. Then he asked:

"Everybody ready?" "Shoot, Sam," was the answer. He talked slowly, picking his words as though they were jewels which he was going to set into some momentous pattern. His pipe went out.

Plight Explained

"We brought home to Bruno Richard Hauptmann in unmistakable language the plight which confronts him," Leibowitz said.

"He understands that at the present moment there is not available that newly discovered evidence that the law demands before any court of this state will grant him a new trial. He understands also that his case has been fought up to the very highest tribunal—the Supreme Court of the United States in Washington—and that Mr. Fisher and Judge Pope (Frederick A. Pope, associate defense counsel) have moved heaven and earth to save him through the courts."

"He understands very clearly that his last card . . ."

Leibowitz paused, wrinkled his brow, rubbed his hand across his left eye where a minor blood vessel had broken in the heat of his argument with Hauptmann.

" . . . has been played," he continued, "before the court of pardons and that he has lost there as well. Both Mr. Fisher and I have told him that at present there is little further that any lawyer can do for him."

"His only salvation, as matters stand now, lies in his making a clean breast of whatever guilty part he may have had in the heinous crime. Mr. Fisher's attitude, as expressed, is that he still believes Hauptmann's story."

"Prominent persons, unidentified with Hauptmann and having no personal interest in the matter other than with a sincere desire to

get at the bottom of this horrible crime and the fiends that are guilty of it, induced me to make an effort to unravel it. When Mrs. Hauptmann called at my office, I made clear to her my position and the condition under which I would consent to become her husband's attorney.

Opinion Unchanged

"I told her publicly that I would not under any circumstances lend myself to any proposal to defeat the ends of justice. My opinion as to her husband's guilt or innocence, which I had made after a close study of the evidence in the case, has not been changed one bit by the three intensive and exhausting conference at the death house."

"I cannot see how I can serve the interests of justice any further by my continued participation in this case."

"I therefore want no further part of any of it."

"I know that Lloyd Fisher has done everything that is humanly possible for his client. He is a splendid lawyer and will continue to exercise his talents and energies to the utmost in his client's behalf."

"But I for one have refused to associate myself as this man's lawyer."

Fisher stirred out of his chair and dictated a brief statement saying he was sorry Leibowitz was withdrawing.

"Judge Pope and myself," he added, in a tired voice, "are hopeful that matters now under investigation will work out to our client's benefit. Under any circumstances we shall continue to do our utmost in our client's behalf."

Leibowitz, retained by Mrs. Evelyn Walsh McLean of Washington, got one minor admission out of Hauptmann in the three visits to the death house. Hauptmann conceded at last that the ladder found outside the Lindbergh nursery could have been used in the kidnapping. Heretofore he had contended the ladder was a hoax and that a gang—of which he was not a member—carried the Lindbergh baby down the stairs and out of the front door.

Throughout the Leibowitz interviews, Hauptmann maintained his innocence and said he obtained the Lindbergh ransom money from Isidor Fish, the story he told at his Flemington trial.

Fat All Gone Never Felt So Good Before

It was so simple! I ate what I liked, took no strenuous exercises, did not weaken my body with drastic purgatives—yet day by day I felt myself getting lighter, the fat seemed to slip away. Now I have a lovely, graceful figure—and I never felt better in my life!

That, in brief, is what thousands of women who have reduced the Marmola way might well tell you. Four times a day they take a little tablet containing in exactly the right quantity a world-famous corrective for abnormal obesity.—A corrective prescribed by physicians everywhere and acknowledged to be the most effective known.

Since 1907, more than 20 million packages of Marmola have been purchased. Could any better recommendation be had?

Today—buy a package of Marmola, and start at once. Soon you will experience Marmola's benefits. When you have gone far enough, stop taking Marmola. And you will bless the day you first discovered this marvelous reducing agent!

Marmola is on sale by dealers everywhere—from coast to coast.

GEN. MITCHELL HEART VICTIM

Stormy Petrel of Aviation to Be Buried in Milwaukee

NEW YORK, Feb. 20.—(UP)—Funeral services for former Brigadier General William D. Mitchell, the "Billy" Mitchell who led American air forces in France and then was court-martialed for criticism of later air corps commanders, will be held Saturday in Milwaukee.

Mitchell died yesterday of heart disease. The funeral will be held in St. Paul's church at 10 a. m. He had been confined to doctors' hospital three weeks but was not considered in critical condition until a few hours before he died. He was 56.

Although Mitchell won decorations for "extraordinary heroism" in France from the United States, France, Great Britain, Belgium and Italy, he was known chiefly as the owner of the most unruly tongue in the service, possibly excepting that of Gen. Smedley Butler of the marines.

Oddities in Nation's News

FIRE RACE DANGEROUS

NEW YORK, Feb. 20.—(UP)—Two fire companies raced over icy streets at risk of life, limb and equipment. Reason: A fire truck was afire, after the blaze was extinguished, with about \$2 damage to paint, the driver explained that he'd been on a service call, had a short circuit, and thought it would be wise to call the fire department. He's been ostracized.

MARRIAGE "BOOM" ON

RENO, Kans., Feb. 20.—(UP)—What might be considered a marriage "boom" has descended on this village since Justice of the Peace A. C. Hess inaugurated 3-cent weddings the first of the year. "I have married eight couples since I started this 3-cent marriage business," Justice Hess said. "In eighteen years before that he married only four."

CUBS FOR HYENA

INDEPENDENCE, Kans., Feb. 20.—(UP)—Having a surplus of lions in the city zoo, Mayor Ralph C. Mitchell has traded two cubs for a laughing hyena. The exchange was made with the Little Rock zoo, the Cubs to be delivered next month when they are old enough to be taken from the mother lion.

SUPPORTERS UNSUPPORTED

CHICAGO, Feb. 20.—(UP)—James J. Suppenter today started a six months jail sentence on a charge of failing to support Mrs. Suppenter and two little Supporters.

CHILDREN OBSERVANT

CHICAGO, Feb. 20.—(UP)—Children can spot an inefficient or uncertain dentist with uncanny skill. Dr. George B. Morgan, Milwaukee, told the Chicago Dental society. He warned dentists to be on their best behavior in treating children.

TOO MANY CIRCULARS

CLEVELAND, Feb. 20.—(UP)—Amos J. Ashby finally complained about the newspaper story that said he might lose his frozen hands. He didn't. It wasn't the expressions of sympathy from acquaintances that irked, but the circulars from manufacturers of artificial limbs.

Each Puff Less Acid

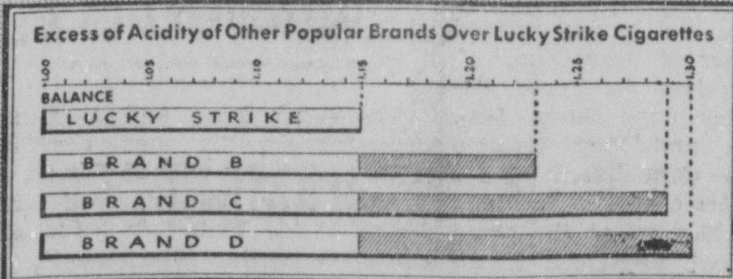

A LIGHT SMOKE OF RICH, RIPE-BODIED TOBACCO

Luckies are less acid. One of the chief contributions of the Research Department in the development of A LIGHT SMOKE is the private Lucky Strike process, "IT'S TOASTED." This preheating process at higher temperatures consists of four main stages, which involve carefully controlled temperature gradations. Quantities of undesirable constituents are removed. In effect, then, this method of preheating at higher temperatures constitutes a completion or fulfillment of the curing and aging processes.

Luckies are less acid

Recent chemical tests show* that other popular brands have an excess of acidity over Lucky Strike of from 53% to 100%.

GOP ASPIRANTS AWAIT DECISION OF STRAW VOTE

State Leaders Believe Landon
May Enter Primary if Poll
Pleasing

By RALPH TEATSORTH
COLUMBUS, Feb. 20.—(UP)—The Ohio presidential poll being taken by the Republican state central committee among 12,000 or more of the party's regulars may have more political significance than was apparent at first. Ohioans backing Governor Alf M. Landon for the Republican presidential nomination hoped today the poll would show a majority in the Kansan's favor. Such a majority, observers claim, might be used to convince Landon of the advisability of entering the Ohio presidential primary on May 12 in opposition to Senator William E. Borah.

Knox May Delay
An indication that Frank Knox, Chicago publisher, might want to scan results of the poll was given when he deferred making a final decision on whether to enter the Ohio primary. Knox already has obtained petitions from the secretary of state for use in case he decides to seek Ohio delegates.

Clarence J. Brown of Blanchester, Knox manager in Ohio, said the Chicagoan probably would wait several days, perhaps until the state central committee meets next Wednesday, before making his final decision. Brown conferred by long distance telephone with Knox, who is in Arizona.

Since no outstanding candidate has been presented for Ohio Republicans' "favorite son," there have been numerous reports that the state central committee will throw its support to one of the outside candidates.

Ed D. Schorr, state Republican chairman, has indicated that results of the presidential poll may have much to do with the committee's decision on supporting a candidate.

Get Washington Aid
Mosier's backers hope he can win support of the national Democratic administration. It was pointed out that he showed vote-getting qualities in the 1934 election, receiving a greater plurality than Davey did in winning the governorship.

BONDS TO COVER PROJECTS VOTED

Eastend Storm Sewer to Receive Council's Aid

Additional bonds to cover material costs on the eastend storm sewer WPA project will be issued by the city, according to arrangements by councilmen Wednesday evening.

They directed Carl C. Leist, city solicitor, to prepare an ordinance for the next meeting to cover these costs. Councilmen were told the exact amount needed is not definitely known until the project is figured by the engineer. This project would remove the old stone box sewer and open ditch now used in the eastend.

Plans of the city engineer for eight-inch sanitary sewers on E. Franklin-st from Sumter alley to Main-st, and on S. Pickaway-st from Edison-ave to Ohio-st and Ohio-st to Washington-st, were approved by councilmen. These sewers are part of the extensive WPA project covering all sections of the city.

QUAKER CITY TO DRESS UP
PHILADELPHIA.—City Hall will begin to peer out from the grime of decades in a short time, and before the Democratic convention in June will be scrubbed clean. The "face-lifting" operation was made possible by a \$2,000,000 WPA loan.

Abraham Radick Captured on
West Coast; Tear Gas
Used By Police

WARREN, Feb. 20.—(UP)—Authorities here awaited official word from Los Angeles today of the capture of Abraham Radick, alias "Frisco Kid," suspected of being the third member of a gang that obtained \$124,000 in a mail truck robbery here last April.

Two others, Tony Labrizitta and George Sargent of Akron have been convicted twice in federal court in connection with the robbery. They were granted a new trial after their first conviction when Judge Samuel West ruled the jury did not take time enough to consider the evidence.

Face Long Terms
Labrizitta and Sargent face 25-year prison sentences. Burl Villers, driver of the mail truck, was forced to the curb last April 24. The three men took all registered mail pouches and left Villers locked in his truck at the edge of the city. Labrizitta and Sargent were arrested 10 days later.

LOS ANGELES, Feb. 20.—(UP)—Abraham Radick, alias "The Frisco Kid," was arrested early today as a suspect in an Ohio mail robbery and a \$75,000 Pittsburgh jewel robbery by detectives who were forced to use tear gas to dislodge him from an attic.

The suspected gangster fled to the attic as three Los Angeles detectives entered the residence where he had been living for more than a month.

Detective Lieut. Jack Koehn of the fugitive detail called to Radick to surrender. When the suspect did not answer, the officer fired his tear gas gun into the open trap door that led to the attic.

The officer heard Radick coughing and attempting to escape the fumes but he did not come out for 10 minutes. He then stumbled from the attic and was taken into custody by Lieut. Koehn who transported him to police headquarters.

BABY BEEF CLUB'S MEETING POSTPONED

When only six members of the 4-H Baby Beef club showed up for the meeting Wednesday night in the Farm Bureau offices, the session was postponed until "warmer weather."

Only one Farm Bureau meeting is scheduled for the remainder of the week, officials announced. The township fertilizer purchasing agents will meet Friday at 7 p. m. in Hanley's restaurant.

according to the statistics kept by Dr. Clarke. The highest temperature recorded during January was 51 degrees on the fourteenth; the lowest —16 degrees on the twenty-third. The month had 17 cloudy days, six partly cloudy and the same number recorded clear. Below zero temperatures were recorded on six days. They were: 23rd, —16, 24th, —12; 25th, —3, 26th, —5; 27th, —8; and the 31st, —6.

Five Days Above Freezing
There were only five days during the month when the temperature at 7 a. m. was above freezing. The precipitation was 4.89 inches and the snow recorded was 14 inches.

The same amount of snow was recorded in January of 1918 but the precipitation record was 4.48 inches. January, 1918, had 18 cloudy days, two partly cloudy and 11 clear. There were 10 days the thermometer registered below zero and the lowest reading was —20, the highest 41 degrees. On the last day of the month eight inches of snow covered the ground and one of the unusual features of the winter was a heavy crust over the drifts. During February, 1918, there were only three days when the temperature was below zero.

So far this month the weather has equalled the February of 1918 in below zero readings. There have been 12 cloudy days and seven clear.

Toll of Stock, Birds

Frozen pigs, a heavy toll on game birds, ice jams and a series of blizzards with few equals in local weather history have been written in the records this year.

The sub-zero temperatures and the high percentage of moisture has ruined a large part of the corn crop for seed. Farmers have been warned to make careful tests of their corn before saving it for seed.

Dr. Clarke reported 50 peach trees were killed in his orchard in the winter of 1918 and he believes the arctic blasts this winter will take a heavy toll on orchards. "This winter has been one of the worst I can remember," Dr. Clarke said. Residents are wondering what new tricks are in store for them during the spring and summer.

RECIPES

Pot Roast

Purchase a four or five pound roast of beef, weigh, wipe with a damp cloth. Skewer or tie in shape if necessary. Melt two tablespoons of drippings in a heavy kettle; fry two tablespoons thinly sliced onion until yellow but not brown. Put the meat in, dredge with flour, season with salt and pepper and sear both sides until brown.

Then add two cups boiling water, cover closely and cook slowly two and a half hours, adding water if it boils away. Half an hour before serving, surround the roast with pared and quartered potatoes, small, whole carrots scraped and peeled and a few parboiled little onions. Continue the cooking until the vegetables are tender. Add boiling water to the gravy in the pot and thicken with a little flour mixed with cold water. Let the gravy boil a minute or

Burns Signs for Part In Bing Crosby Picture

Arkansas Comedian, Who Left Hollywood as Failure, Returns in Star's Role; Thursday's Features

Bob Burns has been signed by Paramount pictures to appear in Bing Crosby's next screen production which will be entitled "Rhythm on the Range." Thus the man who left Hollywood a year ago and considered himself a failure in pictures has become so important a star through the medium of radio that the producers came to him.

Last summer Burns began his radio career with a few guest star appearances. His popularity with the radio audience grew with each succeeding broadcast and he was finally signed to be a regular feature of Bing Crosby's Music Hall series broadcast each Thursday over NBC-WEAF at 10.

Since these broadcasts were to originate in Hollywood the Arkansas comedian went back to the same city where, in his own estimation, he failed to make good.

From Hollywood he has been broadcasting for the last two months and now his new-found fame at the microphone has brought him the success he couldn't quite reach before. And one of the pleasantest aspects of the whole affair, to Bob Burns, is that he will work with Bing Crosby in the movie studio as well as the broadcasting studio.

In "Rhythm on the Range" Bob and Bing will be co-owners of a ranch and out of this situation grows the action which gives Bing a chance to sing and Bob a chance for his dry western humor—and also an opportunity to play the bazooka, that unusual instrument which Bob himself invented out of two pieces of gas pipe and a whiskey funnel.

MARYSVILLE "5" TAKES CBL LEAD FROM DELAWARE

Kingsmore's Boys Turn in 25-24 Victory; Foes of Tigers on Friday

Jerry Kingsmore's Marysville basketball team was resting in first place in the Central Buckeye league race today after defeating Delaware, 25 to 24, at Marysville Wednesday evening. The game was postponed from Tuesday because of National guard activities in the Union-co armory.

Marysville led the entire game except for a moment in the fourth period when Delaware pulled ahead 17 to 16.

The Kingsmore men took a 5 to lead at the quarter and were ahead 13 to 8 at the half.

Marysville's scoring was evenly divided though Weideman led the attack with seven. Simpson and Miller each hit for five and Clarridge and pain, the latter one of the classiest guards in the league, tallied four.

Whetset, league's high scorer, punted nine points and Vandeventer, a guard, got seven for the Marys.

The Red and Black of Circleville high school has a chance to unseat the Marysville team Friday evening when the Union-co floor is invaded, but Coach Jack Lanham's boys will have to do better than they have been doing if they stand a chance. Marysville outplayed them on the local court and will have the psychology of a home court to aid them in their drive toward the title.

As a result of the defeat, Delaware drops to second place in the standing, the first time this year the college town boys have been out of the lead.

BUDDY BAER RETURNS TO RING, WINS KAYO

OAKLAND, Cal., Feb. 20—(UP)—Buddy Baer, Max Baer's 48-pound younger brother whose fighting has been confined to exhibitions since he lost to Ford Smith of Montana in New York several months ago, returned to the ring to fight for keeps last night and emerged with a one-round knockout victory.

He stopped Wally Hunt, 219-pound San Diego heavyweight, but the victory lacked luster because Hunt at best made only a feeble effort to fight the giant Livermore youth. He covered up and appeared afraid of Baer.

About This And That In Many Sports

17 Teams in Tourney

Tomorrow the annual county basketball tournament begins with 13 boys' teams and four girls' contestants listed—All the schools are represented by boys' quintets but state rules permitting girls to play only once a week has forced necessary elimination—The schools represented by girls are Darby-twp, Walnut-twp, Pickaway-twp, and Ashville ***

Herald Has Tickets

Season tickets have been placed in all the schools by M. C. Warren, county superintendent, at \$1.25 for the entire schedule of games—Other tickets have been left at The Herald office where interested persons may obtain them—Admission price for each session is 35 cents with the ante going to 50 cents for the finals ***

No Predictions Made

This column is making no predictions because there are enough good teams in the county to cause plenty of upsets—Ashville is the logical boys' champion, but everyone knows what happens to "logical" choices in this tournament ***

Art Kaiser Banged Up

Here's some news for county fans—Art Kaiser, who did a lot of basketball playing for Walnut, is recovering from cuts and bruises and torn ligaments as a result of attempting to wrap his automobile around a telephone pole ***

Dizzy Individual

MR. J. H. (DIZZY) DEAN denies he's an "individual" player... Old Diz gives the team the best he has, and he's just one of the boys working for the club even when he's on the bench, says Old Diz... it just happens that he sends back an \$18,500 contract on the same day when his "individual" statement is given out to the world... and when he sends it back he says he ought to be worth \$40,000... Mister Dean certainly is consistent... He can't be accused of being an individual player if he expects to get that much money out of the Cards... with \$40,000 the Cardinals could sign up enough individual ball players to make a full-sized team, with a couple of extra pitchers.

Jack Dempsey finds the ways of peace sweet and pleasant... he takes down a certain percentage from the sale of a chocolate candy bar... in the last five months Dempsey's earnings from the confection have averaged \$1,000 a month, all of which is turned over to a trust fund for his baby Joan... to borrow a term from the vocabulary of Old Diz Dean, little Joan surely must be called an "individual" baby!

Joe and Fitz

Joe Louis must be placed in the "individual fighter" class... since turning professional, the Dusky Disintegrator of Detroit has averaged more than \$3,000 per round of fighting, and business is getting better all the time... compared to what Old Diz wants for a whole baseball season, Joe Louis could almost be accused of individualism of a very rugged variety.

Mr. George H. Ruth is probably the man most responsible for the "individual" idea in baseball... before the Babe started blasting them, outfielders used to have to pay their way into the park...

Florida and California Frogs Seek New Honor

Traditional Rivalry High; Woco Pep, Southern State's Entry, Now Holding 13 Feet 3 Inch Title

SARASOTA, Fla., Feb. 20—(UP)—The rivalry that is more than traditional between Florida and California will reach a new height tomorrow at the first annual international Froglympics.

Then California frogs will attempt to recapture the world championship frog leap that a Florida frog, Woco Pep, won with a hop of 13 feet seven inches at Wauchula, Fla., July 4, 1934. Woco Pep out-stepped Budweiser, a California frog, who had set the previous record of 13 feet three inches at Angels Camp, Cal., May 20, 1932.

Woco Pep won that world mark in a jump-off. California frogs have never been the same since, and three leading jumpers from Angels Camp, made famous by Mark Twain's story concerning the frog filled with buckshot, are here to claim honors for the west coast.

Californians, however, believe there is something that makes a frog put forth that extra leap, so they have sent along with their entries phials of California air. Whiffs of it are to be given their frogs, which are expected to be so inspired that they will jump out of sight.

At least 50 frogs from half a dozen states have been entered.

Gene Plowden, owner of a large stable of jumping frogs, is in charge of the Olympics. A frog-jumping course consists of a level square of ground, 25 feet, with troughs of water at each end. Flour covers the ground so the spectators can see where the frogs light. A frog about to jump in the contest is taken from a trough and faces the other trough filled with frogs, who act as decoys to lure the frog to be his jumpist.

Approximately 10,000 spectators will see the longest hopper win first prize of \$50 and glory. The losers go to the frying pans.

THRONG ENJOYS "GYM" PROGRAM

Many Take Part in Volleyball, Boxing, Other Events

It was "Gymnasium" night at the high school Wednesday evening and a large crowd was present.

Four boxing matches, a girls' basketball game, diving contests for distance and height, and two volleyball games featured the evening.

In the main-go Billy Kellstadt won a decision over George Curran. The only knock-down of the evening was in this contest.

G. Conrad and F. Glitt tangled in another battle with the judges' decision being in favor of a draw. Both youths are sophomores.

C. Smith whipped C. Pritchard in a seventh grade contest, and H. Sayre won the verdict over H. Smith another seventh grade feud.

The referee was Dick Plum and the judges Pinky Reichelderfer and Freddie Grant.

A volleyball team comprised of Chuck Styers, Dick Melson, Johnny McGinnis, Pinky Reichelderfer, Will Friley, and Dick Plum, defeated the faculty crew which included E. E. Reger, Fred Watts, Jack Landrum, Alton Day, Custodian Steve Jones, and Freddie Grant, 21-8 and 21-19.

In girls' volleyball the sophomores won 15-9 in a 20-minute contest while the seniors won over the junior girls, 5-3, in a basketball game.

Vernon Weiler and Richard Moon were the only students able to dive over six kneeling schoolmates, while Jack Brown and Raymond Francis dove highest to win that honor.

ARCADIA, Calif., Feb. 20—(UP)—Fifteen horses today were believed definite starters in the \$100,000 added Santa Anita handicap Saturday, world's richest horse race purse.

One horse, C. P. Palmer's English-bred Flamenco was declared out by Trainer Matt Brady but his withdrawal did not reduce the field as Polo Player Neil McCarthy said his rejuvenated stud horse, Tick On, would be a certain starter.

Brammer to Ride

McCarthy yesterday signed Danny Brammer, leading jockey of the current Santa Anita meeting, to ride Tick On in the big race. Brammer was signed after booting in three winners and two seconds on yesterday's program. He rode Tick On last Tuesday when the eight-year-old scored a 10 length victory over a field that included Howard, Flamenco and First Minstrel.

Tick On is the sire of a two-year-old running in Florida and a new crop of foals expected soon. He was brought out from stud last November but did not reach his best racing form until a few weeks ago. McCarthy was prompted to pay the \$1,000 fee required for starters by Tick On's love of mud.

Another horse that appears a definite starter as a result of the mud expected Saturday is Mrs. John Hay Whitney's Singing Wood. Loaded with but 109 pounds in the race, Singing Wood was expected to show more speed than in

RED BIRDS WIN GIANT CLOUTER

Phil Weintraub Expected to Play First Base

COLUMBUS, Feb. 20—(UP)—The Columbus Red Birds of the American association today secured First Baseman Phil Weintraub from the parent St. Louis Cardinals.

Weintraub went to the Cardinals this winter with Pitcher Roy Parmelee from the New York Giants in exchange for Second Baseman Burgess Whitehead.

Weintraub joined the Giants late in 1934. He had previously been with Nashville in the Southern association.

CITY AWAITS TAX COLLECTION TO PAY ITS EMPLOYEES

GENERAL FUND'S TOTAL REDUCED TO ONLY \$116.32

Council Approves Budget
Authorizes Necessary Tax
Levies to Auditor

Councilmen adopted a resolution Wednesday night approving the city's budget and authorizing the necessary tax levies certified to the county auditor. This resolution is a regular routine procedure.

It lists funds to be obtained inside the ten mill limitation at \$57,039.57, and outside \$3,102.90. The levies inside the limitation were listed at 6.60 mills and outside 40 mills.

The financial report submitted to council by Ben Gordon, chairman of the finance committee, showed a balance of \$116.32 in the general fund. Since Feb. 1 no salaries or large bills have been paid. The city hopes to obtain a draft from the December tax collection as soon as the books are open to pay salaries of employees.

The complete report of the city's funds follows: general \$116.32, library \$3,370.67, auto street repair fund \$631.79, gas tax fund \$2,107.25, Berger hospital fund \$350.62, and Court-st and sewer project fund \$258.29. The total of all finances is \$6,834.94.

The report also stated outstanding bills of the city engineering department amounted to \$193.98. A part of this account was carried over from last year, Mr. Gordon announced.

GOODYEAR URGES COURT TO HALT PLANT PICKETING

AKRON, Feb. 20.—(UP)—Goodyear Tire and Rubber Co., today sought an injunction to restrain striking rubber workers from chain picketing and interference with Goodyear employees and shipments.

The company filed suit for the injunction in common pleas court after Sheriff James T. Flower announced plans to commission 1,000 special deputies to break mass picketing in protest of dismissal of 70 veteran tire builders.

TOLEDO, Feb. 20.—(UP)—A minor labor dispute today closed the Libbey-Owens-Ford Glass Co. plant here.

Company officials said they closed the plant a day early this week because 24 women employees left their work yesterday in protest to employment of non-union workers in their department. They said 200 now are involved. The company employs 1,400.

BRIDGE REPAIRED, ROAD IS OPENED TO TRAFFIC

Repairs on the iron bridge over Salt creek, damaged by a coal truck Tuesday night, were completed by employees of the county engineer's office Wednesday evening, and opened to traffic. A two-ton limit has been placed on the structure until a careful inspection is completed.

County employees also announced the Pickaway-Fairfield line road, closed by snow drifts, was opened to traffic Wednesday evening.

Philadelphia Mayor Files Suit for \$11,000,000

PHILADELPHIA, Feb. 20.—(UP)—A suit seeking recovery of \$11,208,457.11 from the United Gas Improvement company was filed today by Mayor S. Davis Wilson in behalf of the city, which alleged that the company had made "illicit profits."

The suit also asked dismissal of the municipal gas commission on the contention that the commissioners were "advised and informed" of the alleged improper practices.

Charges that the company failed to comply with a contract entered into with the city, the suit contended that the company bought gas from the Philadelphia Coke company for 39 cents per thousand cubic feet while the fuel was being made for 26 cents in the Philadelphia Gas Works company, which is city-owned.

In addition to the United Gas improvement, defendants named in the suit included the Philadelphia Gas Works company and Conrad N. Laurer, Murtha P. Quinn and Samuel M. Vauclair, members of the gas commission.

Do you have a child that seems to be a trifle slow in studies at school? If so, this may be due to improperly fitted shoes. The nerves of the foot are directly connected to the brain, so a foot pain has the same mind-dulling effect as a severe headache.

We take special care in the proper fitting of children's feet. In case of arch weakness, each case is individually treated by fitting the correct type of shoe in the correct size, as the case may require.

SNOW AND RISE IN TEMPERATURE SEEN FOR OHIO

Continued from Page 1

weary midwesterners hailed a rise to zero and above as genuine relief from the prolonged bitter cold.

Forecasters predicted a further moderation late today and tomorrow but would make no forecasts of continued relief over the week-end. Light snows were forecast for most of the midwest.

Huge drifts continued to defy motorists and railroads in Iowa and the Dakotas. Traffic in Iowa between Rockwell City and Des Moines on the Milwaukee line was halted when six freight cars were derailed.

Four carloads of coal for shivering residents of Audubon, Ia., were pulled back to Atlantic because of drifted tracks. A snow-plow pushed by two engines was stuck last night south of Audubon.

Weather bureau records for continued cold continued to topple. Watertown, S. D., has suffered nearly 400 hours of continuous below zero weather.

Fifty starving deer, too weak to climb river banks to feed on sparse grass, were fed by CCC workers who distributed a ton of hay at the Pine River basin near Cadillac, Mich.

A policeman rescued two German shepherd dogs from an ice floe off the Chicago shore of Lake Michigan after a large crowd collected, believing the dogs to be wolves.

The state department of conservation issued an oral permit to kill a Grebe or "hell diver" frozen in the Chicago river in the downtown district. The bird was shot.

Rescue parties continued efforts to reach snowbound villages in the black hills of South Dakota.

With snowbound farmers unable to bring their produce to market, butter and eggs prices in Chicago and other cities advanced to a six-year high.

Because of the observed changes in the direction of the magnetic needle from year to year, it is believed that the magnetic poles are not stationary; but their motion is undoubtedly slow.

Don't be carried away by price appeals alone, there are two sides to the story of LOW PRICED WHISKEY

WINDSOR

has BOTH—you'll like BOTH!

THE PRICE SIDE

Windsor—a straight Bourbon whiskey—was planned to be within the reach of the average man's purse. It was in answer to a wide demand for a good old-fashioned Bourbon whiskey at a rock-bottom price. As its production boomed after America's enthusiastic reception, its price went lower, and now today, Windsor is one of the nation's outstanding whiskey bargains.

THE TASTE SIDE

Low price represents true value only if the taste pleases. Windsor does more than that. You'll find it not only good whiskey but the best whiskey you've ever tasted at this price. Only a great distilling organization could achieve the economies necessary to make so good a whiskey at so low a price. Don't miss Windsor. A whiskey that bears the seal of National Distillers must be good.

BUTTER AND EGG OFFERS CAUSED BY LOW SUPPLY

Railroad Issues Up Three Points in Today's Session; Motors, Oil Rally

LOCAL HOG MART UP

Good to Choice Stock Brings \$11.15 to \$11.25 Offer in Weekly Sale

By UNITED PRESS
Butter and egg prices on the Chicago Mercantile Exchange again had advanced today to new peaks for the last six years, as snow-blocked roads held supplies far below normal.

February butter futures touched 34 1/2 cents a pound, the highest point since Feb. 17, 1930. February fresh graded first eggs opened at 26 1/2, a fraction below the six year top.

NEW YORK, Feb. 20.—(UP)—Stocks were irregularly higher around noon today following a mid-morning recovery that was active enough to cause tickers to lag several minutes.

Railroads Again High
Railroad issues as a group were the best performers. New highs were made by Union Pacific at 101 1/4 up 3 1/4; Northern Pacific 36 1/4 up 1/2; Pennsylvania 38 up 1/2; and Delaware, Lackawanna & Western 21 1/2 up 1/2. New York Central gained a point and Atchafalaya nearly a point.

Motor shares were bid up and oil had another rally. Johns Manville rose a point to a new high in the building section. U. S. Steel gained nearly a point to 63 1/2 and held most of the gain. Douglas rallied after touching 60 1/2 of 2 1/2 points. The company yesterday failed to take action on its dividend due at this time but most traders anticipated such procedure while the company used its funds for working capital to turn out large accumulations of orders.

Utilities Recover
Utilities recovered after an early decline. Corn products jumped 3 points in its section. Du Pont made a small gain. Weak spots included Loew's which made a new low for the year with a loss of more than 2 points and Westinghouse Electric down more than a point.

Farmers, who braved arctic blasts to get their hogs in the local livestock sale Wednesday, obtained the highest prices paid on the local market this year.

Good to choice hogs ranged from \$11.15 to \$11.25, lights \$10.20 to \$11.15, and heavyweights, \$10.40 to \$10.55. A total of 460 were run through the sale.

Medium to good cattle sold from \$6.90 to \$7.45, and calves \$11 to \$12.50. Cattle receipts totaled 175, calves, 45. No sheep and lambs were listed.

Farm Bureau employees reported the hog market was 15 to 50 cents lower Thursday morning.

MRS. ALICE DRESBACH, 81, DIES IN COLUMBUS HOME

Mrs. Alice Stage Dresbach, 81, widow of Wilson Dresbach, died early Wednesday at her home, 30 Hubbard-ave., Columbus. She is known in the county having many relatives here and having resided here a number of years ago.

She is survived by three sisters, Mrs. Josephine Stein, Mrs. Jennie Betz, and Miss Evaline Stage, all of Columbus.

Funeral services will be held Friday at 2:30 p. m. at the home with interment in Green Lawn cemetery.

C. A. C. MINSTREL STATE TO SEEK BEGINS AT 8:15

Ebert Has Important Role; to Be Repeated Friday

Circleville's first minstrel in a number of years will be held Thursday and Friday evenings at the Grand theatre with the Circleville Athletic Club putting on the show. The curtain goes up at 8:15, and from then on action will be fast and pleasant.

Ed C. Ebert, a veteran in local minstrel, will be the interlocutor with Joe Lynch and a number of other home-talent favorites having important roles.

Reserved seats for the two nights have been on sale at the Grand ticket office for two days, and reports are that well-filled houses will witness both presentations.

Many of the cast members, those who could remain away from work, were sleeping Thursday after rehearsing until 4 a. m. The drills started at 11 p. m. Wednesday and continued five hours.

Friday evening a well-known musical organization, the Good Will quartet from Clarkburg will be included in the program.

WPA PAY BOOST NOT IN EFFECT UNTIL MARCH 1

The WPA pay increase of 10 per cent will not become effective in Pickaway-co until Feb. 29, according to information obtained in Chillicothe Wednesday by Vattier Courtright, local field engineer.

Mr. Courtright explained the pay increase is effective on the first pay period on or after Feb. 16. It applies only to those on the security wage rate and does not apply to foremen. The rate here is \$44 a month for labor \$50 for intermediate workers. \$63 for skilled and \$69 for professional.

FOUR ARE BENEFICIARIES UNDER MRS. REEVES WILL

Three daughters and a grand-daughter are the chief beneficiaries under the will of Rhoda J. Reeves, New Holland, filed with Judge C. C. Young in probate court Wednesday afternoon.

The document leaves \$1 to three grandchildren, Paul Anderson, Akron, Ruth Anderson Joliff, Raymond, O., and Jack Reeves, Columbus. The balance of the estate is equally divided among three daughters, Ella Yeoman, New Holland; Anna Ater, Williamsport; and Stella Cuthall, Reading, Pa., and a grand-daughter, Lena Anderson Davis, Franklin, Pa.

John T. Dick is named executor in the will, written Jan. 8, 1935.

FAMED AVIATOR TELLS EMBASSY REDFERN ALIVE

Flyer, Lost on Long Distance Flight to South America, Held By Natives

NEWS IS INDEFINITE

Brazilian Officials Hear American is Recognized as "God" By Tribes

WASHINGTON, Feb. 20.—(UP)—Art Williams, American flyer, believes Paul Redfern, lost on a long distance flight to South America, is being held prisoner in an Indian village in North Brazil, the state department was advised today by the American embassy in Rio De Janeiro.

The embassy's information was based on telegrams from Brazilian and British boundary officials in the jungles who had talked with Williams.

Talked With Indians

Williams had not seen Redfern or obtained definite information as to his whereabouts, but talks with Indians had convinced him that Redfern was still alive. Plans were made to continue search for the missing aviator.

According to reports from the British mission in British Guiana, to the embassy in Rio De Janeiro, Williams believed Redfern's plane and perhaps the aviator himself were near the village of Sopokot or the village of Dunliva, both near the Brazilian boundary, the advisers said.

These reports were to the effect that both Redfern's legs were broken in the crash and that he was held captive by natives who considered him a "God" and refused to permit or aid him in returning to civilization.

Expeditions Failed
Several expeditions have attempted to confirm these reports, including recent airplane parties.

CANNING PLANT FLAMES HALTED BY QUICK WORK

Alertness of George Lumpe, watchman, and speedy work by firemen prevented serious loss Wednesday evening at the Sears & Nichols warehouse, S. Washington-st.

Employees reported they had smelled smoke in the building for several days but were unable to find the source. Mr. Lumpe discovered the fire about 6 p. m. when it ate through a heavy beam supporting the floor of the warehouse. He telephoned firemen and the blaze was extinguished with chemicals and a water tank on the truck before it gained headway.

Firemen reported the fire started from an ash pile outside the building. They estimated damage at \$25.

SNOW AND RISE IN TEMPERATURE SEEN FOR OHIO

Alexander Predicts Immediate Relief Although Mercury Skids in City

Circleville's temperature early Thursday again skidded below zero. Dr. H. R. Clarke's new thermometer said "minus six."

By UNITED PRESS
Immediate relief from sub-zero temperatures of the last three days was promised Ohioans today by W. H. Alexander, state meteorologist.

The forecast for tonight and Friday was for cloudy weather with slowly rising temperatures. Indications were the rise in temperatures would bring additional snow to the state.

The low recording expected tonight was between 10 and 12 degrees above zero.

For the third straight night temperatures Wednesday fell below the zero mark. The low recording at the state weather bureau was one degree below.

The continued zero weather increased the ice jam in rivers throughout the state. Veteran rivermen said the flocks were the heaviest since 1918.

CHICAGO, Feb. 20.—(UP)—Huge toboggans were packed with fuel and Manitoowoc, Wis., today for a slide over ice-encrusted drifts to the snowbound village of Two Creeks, 18 miles north.

Volunteers on skis and snowshoes planned to glide and mush northward with supplies for the score of villagers who have been isolated for two weeks. Coal supplies were reported exhausted and there was little food left in the hamlet.

Temperatures remained far below normal over the entire nation east of the Rockies but winter.

STUDENTS MEET TO ATTACK VETO ACTION OF DAVEY

COLUMBUS, Feb. 20.—(UP)—Massed protest by more than 2,000 Ohio State university students against Governor Davey's reduction of the university budget by more than half a million dollars was voiced at a student meeting today.

Campus leaders spoke at the mass meeting urging the state legislature to override the governor's appropriation vetoes.

A resolution "for the people of Ohio" was adopted by the students, protesting the reduction. It was submitted by the united student protest committee and read by Richard M. Shaman of Dayton.

Murderer at 14

"DID DO it again if I had to," Louis Toontas, 14, tells Reading, Pa., police as they interrogate him on the slaying of his father. Police say Louis told them: "Father beat me, so I shot him. I planned the slaying for two weeks." Meanwhile, a warrant was sworn out charging the boy with murder. The shooting took place in the Toontas home, following which Louis fled. He was captured two days later near Pottsville, Pa.

KIP RHINELANDER DEAD IN GOTHAM

Prominent Man, Who Married Quadroon, Dies at 33

LONG BEACH, N. Y., Feb. 20.—(UP)—Leonard Kip Rhineland, 33, socially prominent New Yorker whose marriage 12 years ago to a negro taxi-driver's daughter attracted nationwide attention, died here today.

Rhineland, member of one of America's old families, subsequently divorced his quadroon wife, Alice Beatrice Jones, in Las Vegas, Nev.

The divorce was obtained after he failed to obtain an annulment in a sensational court hearing in White Plains.

WOMAN IS STILL WILLING TO ACT N BRUNO'S CASE

WASHINGTON, Feb. 20.—(UP)—Mrs. Evalyn Walsh McLean said today she still is "intensely interested" in the case of Richard Bruno Hauptmann but doesn't see anything else she could "possibly do" to aid him.

Mrs. McLean was swindled out of \$100,000 by Gaston Means with a story he could find the kidnapped son of Charles Lindbergh. She recently interested Samuel Leibowitz in Hauptmann's case.

She said the withdrawal of Leibowitz from the case was in accordance with their understanding that he would not defend Hauptmann unless the German carpenter "talked."

"I still don't think that all of the details have been cleared up," Mrs. McLean said. "For instance, I don't see how it could have been a one-man job. But I don't see what else I could possibly do."

COUNCIL CALLS SAFETY DIRECTOR ON 'CARPET' AS RELIEF EXPENSE FAR EXCEEDS ITS APPROPRIATION

Caskey Instructed by Resolution to Meet With Finance Committee Before Spending Any More With Treasury Nearly Empty

Nearly All Members of Body Object to Orders Being Granted Without Official Approval

Safety Director Charles Caskey will be called on the "carpet" before council's finance committee within a few days for instructions concerning handling relief cases, and to explain the unauthorized expenditure of relief funds.

A motion calling the meeting was unanimously approved by council Wednesday night after reports were received that council's appropriation of \$100 for the first three months had been exceeded "between \$150 and \$200."

The report was given the city dads by Ben Gordon, chairman of the finance committee. "If they go ahead and spend money without it being appropriated, what is the need of us being up here," he said. "An appropriation of \$100 was made for the first three months. I realize since the cold weather a lot of relief has been needed, but we are still paying on former relief debts, and now we don't even have enough money to carry the city government. If the city were financially able it would be different. I think we had better put a stop to relief."

Others Make Remarks
His report brought four other councilmen to their feet to make remarks.

"I feel the same as Mr. Gordon," said C. O. Leist. "It looks foolish to appropriate funds unless they stay within the appropriation. We should call a halt on this, and not approve any more bills."

"Where there is sickness or little children to care for, some sort of relief is needed but I believe some definite arrangement should be made for handling it," said Tull Barnes.

"I think it's about time to tell the safety director what he can and can't do," H. L. Steinhauer said. "He can't give some men two and three orders a week."

Before more remarks were made about the situation Councilman Julius Helweg recommended the safety director consult the finance committee.

"He should be stopped until he does talk with the committee," he said. "He should have an understanding with us and I move he be held up on relief until he does receive instructions from the committee."

Approved by All
The motion of Mr. Helweg was seconded by Steinhauer and approved by all councilmen.

Mr. Gordon said no definite date had been set for the meeting but it would be held "within a few days."

Neither Mayor W. J. Graham nor Mr. Caskey attended the council meeting.

All Varieties of Weather Presented Community

By FRANKLIN KIBLER

Take a group of Pickaway countians, give the globe in your study a whirl, select a far away spot at random and it's a safe bet you can transplant those residents on that finger mark and they'll thrive.

After taking everything the skies had to offer during the last year, except volcanic ashes and salt water, those residents are hardened to every element King Weather has in his bag of tricks.

Breaking weather records in this county is like any other past time, too much of it becomes tiresome.

During the last year records dating back to the opening of a local weather bureau have toppled so fast Dr. H. R. Clarke has difficulty finding one that isn't at least slightly cracked.

Stories For Grandchildren
Residents, who have kept a weather history of this county for the last twelve months, will have more to tell their grandchildren than grandpas of today can recall in weeks of fireside whittling matches.

Last summer the mercury took a course in aviation, soared so crazily it knocked over records of past years and the only fun left

for the weatherman was breaking records of the day before. Heavy rains prevented threshing and many farmers saved what until winter before it was in a fit condition to run through the separators.

Some of the worst wind and electrical storms in weather history went on last year's records. Trees were torn out by the roots, telephone poles were broken and roofs sailed away over many sections of the county.

Then Came Floods

Highwaters flooded low districts and one of the best corn crops in many years was heavily

damaged. Livestock was lost in the high waters. The odor of decayed corn floated over rural roads along the river bottoms. Mosquitoes were so thick residents played a game of counting and comparing "bites." Frogs from the lowlands apparently decided the place wasn't healthy and started migrating. On several nights hundreds were found dead on Route 23 north of the city.

After a fall "breathing spell" Old Man Winter coasted into town on Christmas with a blizzard furnishing the motive power and knocking over records back to 1917.

LEIBOWITZ QUIT; BRUNO'S FATE UP TO HOFFMAN

LEIBOWITZ SAYS OUTLOOK DARK; FISHER WORRIES

Noted Criminal Lawyer Tells
Reporters He Believes
Hauptmann is Guilty

TRENTON, N. J., Feb. 20.—(UP)—Bruno Richard Hauptmann's life is in the hands of Governor Harold G. Hoffman today. Unless he grants another reprieve, Hauptmann's hair will be shaved five weeks from now and he will be taken out of cell nine at the state prison death house and electrocuted for the murder of Charles A. Lindbergh, Jr.

One lawyer has deserted him—Samuel Leibowitz, "the great mouth piece" who has saved 112 men from the electric chair. He walked out of the case admitting he was unable to break Hauptmann and saying he believed him guilty. There may have been accomplices, in Leibowitz' opinion, but there is no question in his mind but that Hauptmann is neck deep in the Lindbergh crime.

Fisher Sees Dark Outlook

Red-eyed from loss of sleep and despairing at the sudden turn of events, C. Lloyd Fisher of Flemington, the one lawyer who has stuck to Hauptmann through the best and the worst, admitted today that "the outlook is dark." Fisher sat silent, slumped in a chair, while Leibowitz—choosing his words carefully—said the legal chess game was over; that Hauptmann's only chance for life was of making a clean breast of whatever guilty participation he may have had in this crime.

That threw the whole case back into Hoffman's lap. New Jersey law says he can grant reprieves totaling 90 days. He already has granted 30 days, and is not inclined to grant a further reprieve unless new evidence is found.

Leibowitz and Fisher agreed

there wasn't any new evidence.

"We have brought home to Hauptmann in unmistakable language," Leibowitz said, "the plight that confronts him. He understands that at the present moment there is not available that newly discovered evidence that the law demands before any court of this state will grant him a new trial."

Fisher nodded in agreement. With that Leibowitz washed his hands of Hauptmann and took a train for New York where he has a phenomenal record for winning acquittals in homicide cases.

Condon May Come Home

Hoffman has one more card to play. He is considering appealing to Dr. John F. Condon, the Jafise of the ransom negotiations, to come back from Panama and answer questions. Specifically, to answer the question of why he said at Flemington that Hauptmann was the only person involved whereas earlier he said he thought a gang was involved.

It would be a desperate card, but Hoffman is ready for a desperate play, even if he will not be able to explain why he allowed Condon to wander through New York and New England for months and never evinced any interest in him until he went to the Canal Zone for a mid-winter vacation.

Leibowitz, just returned from the prison after a four-hour struggle with Hauptmann, had thrown himself on a bed, limp and perspiring. Lines of fatigue were heavy on Fisher's face. They ordered dinner, and Fisher finished with a strawberry sundae. Then they sent out word they were ready to talk.

"Lock the door," Leibowitz said. The lock snapped and there was a rustle of note paper from the half circle of newspaper men. Leibowitz put on his coat long enough for photographers to take pictures. Then he asked:

"Everybody ready?" "Shoot, Sam," was the answer. He talked slowly, picking his words as though they were jewels which he was going to set into some momentous pattern. His pipe went out.

Plight Explained

"We brought home to Bruno Richard Hauptmann in unmistakable language the plight which confronts him," Leibowitz said.

"He understands that at the present moment there is not available that newly discovered evidence that the law demands before any court of this state will grant him a new trial. He understands also that his case has been fought up to the very highest tribunal—the Supreme Court of the United States in Washington—and that Mr. Fisher and Judge Pope (Frederick A. Pope, associate defense counsel) have moved heaven and earth to save him through the courts."

"He understands very clearly that his last card..."

Leibowitz paused, wrinkled his brow, rubbed his hand across his left eye where a minor blood vessel had broken in the heat of his argument with Hauptmann.

"...has been played," he continued, "before the court of pardons and that he has lost there as well. Both Mr. Fisher and I have told him that at present there is little for him that any lawyer can do for him."

"His only salvation, as matters stand now, lies in his making a clean breast of whatever guilty part he may have had in the heinous crime. Mr. Fisher's attitude, as expressed, is that he still believes Hauptmann's story. Prominent persons, unidentified with Hauptmann and having no personal interest in the matter other than with a sincere desire to

get at the bottom of this horrible crime and the fiends that are guilty of it, induced me to make an effort to unravel it. When Mrs. Hauptmann called at my office, I made clear to her my position and the condition under which I would consent to become her husband's attorney.

Opinion Unchanged

"I told her publicly that I would not under any circumstances lend myself to any proposal to defeat the ends of justice. My opinion as to her husband's guilt or innocence, which I had made after a close study of the evidence in the case, has not been changed one bit by the three intensive and exhausting conference at the death house."

"I cannot see how I can serve the interests of justice any further by my continued participation in this case."

"I therefore want no further part of any of it. I know that Lloyd Fisher has done everything that is humanly possible for his client. He is a splendid lawyer and will continue to exercise his talents and energies to the utmost in his client's behalf."

"But I for one have refused to associate myself as this man's lawyer."

Fisher stirred out of his chair and dictated a brief statement saying he was sorry Leibowitz was withdrawing.

"Judge Pope and myself," he added, in a tired voice, "are hopeful that matters now under investigation will work out to our client's benefit. Under any circumstances we shall continue to do our utmost in our client's behalf."

Leibowitz, retained by Mrs. Evelyn Walsh McLean of Washington, got one minor admission out of Hauptmann in the three visits to the death house. Hauptmann conceded at last that the ladder found outside the Lindbergh nursery could have been used in the kidnapping. Heretofore he had contended the ladder was a hoax and that a gang—of which he was not a member—carried the Lindbergh baby down the stairs and out of the front door.

Throughout the Leibowitz interviews, Hauptmann maintained his innocence and said he obtained the Lindbergh ransom money from Isidor Fish, the story he told at his Flemington trial.

GEN. MITCHELL HEART VICTIM

Stormy Petrel of Aviation to
Be Buried in Milwaukee

NEW YORK, Feb. 20.—(UP)—Funeral services for former Brigadier General William D. Mitchell, the "Billy" Mitchell who led American air forces in France and then was court-martialed for criticism of later air corps commanders, will be held Saturday in Milwaukee.

Mitchell died yesterday of heart disease. The funeral will be held in St. Paul's church at 10 a. m. He had been confined to doctors' hospital three weeks but was not considered in critical condition until a few hours before he died. He was 56.

Although Mitchell won decorations for "extraordinary heroism" in France from the United States, France, Great Britain, Belgium and Italy, he was known chiefly as the owner of the most unruly tongue in the service, possibly excepting that of Gen. Smedley Butler of the marines.

GOP ASPIRANTS AWAIT DECISION OF STRAW VOTE

State Leaders Believe Landon
May Enter Primary if Poll
Pleasing

By RALPH TEATSORTH

COLUMBUS, Feb. 20.—(UP)—The Ohio presidential poll being taken by the Republican state central committee among 12,000 or more of the party's regulars may have more political significance than was apparent at first.

Ohioans backing Governor Alf M. Landon for the Republican presidential nomination hoped today the poll would show a majority in the Kansas favor. Such a majority, observers claim, might be used to convince Landon of the advisability of entering the Ohio presidential primary on May 12 in opposition to Senator William E. Borah.

Knox May Delay

An indication that Frank Knox, Chicago publisher, might want to scan results of the poll was given when he deferred making a final decision on whether to enter the Ohio primary. Knox already has obtained petitions from the secretary of state for use in case he decides to seek Ohio delegates.

Clarence J. Brown of Blanchester, Knox manager in Ohio, said the Chicagoan probably would wait several days, perhaps until the state central committee meets next Wednesday, before making his final decision. Brown conferred by long distance telephone with Knox, who is in Arizona.

Since no outstanding candidate has been presented for Ohio Republicans' "favorite son," there have been numerous reports that the state central committee will throw its support to one of the outside candidates.

Ed D. Schorr, state Republican chairman, has indicated that results of the presidential poll may have much to do with the committee's decision on supporting a candidate.

Opponents of the Davey administration found a place for their "protest vote" today following the announcement of Lieutenant Governor Harold G. Mosier that he would be a candidate for the Democratic nomination for governor in opposition to Davey.

Get Washington Aid

Mosier's backers hope he can win support of the national Democratic administration. It was pointed out that he showed vote-getting qualities in the 1934 election, receiving a greater plurality than Davey did in winning the governorship.

Eastend Storm Sewer to Receive Council's Aid

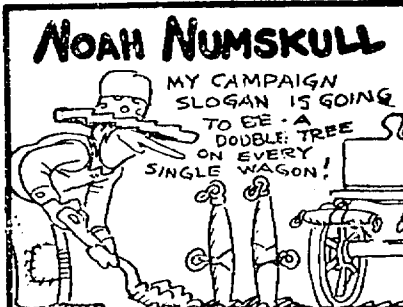

Additional bonds to cover material costs on the eastend storm sewer WPA project will be issued by the city, according to arrangements by councilmen Wednesday evening.

They directed Carl C. Leist, city solicitor, to prepare an ordinance for the next meeting to cover these costs. Councilmen were told the exact amount needed is not definitely known until the project is figured by the engineer. This project would remove the old stone box sewer and open ditch now used in the eastend.

Plans of the city engineer for eight-inch sanitary sewers on E. Franklin-st. from Sumter alley to Main-st. and on S. Pickaway-st. from Edison-ave to Ohio-st. and Ohio-st. to Washington-st. were approved by councilmen. These sewers are part of the extensive WPA project covering all sections of the city.

Abraham Radick Captured on
West Coast; Tear Gas
Used By Police

WARREN, Feb. 20.—(UP)—Authorities here awaited official word from Los Angeles today of the capture of Abraham Radick, alias "Frisco Kid," suspected of being the third member of a gang that obtained \$124,000 in a mail truck robbery here last April.

Two others, Tony Labrizitta and George Sargent of Akron have been convicted twice in federal court in connection with the robbery. They were granted a new trial after their first conviction when Judge Samuel West ruled the jury did not take time enough to consider the evidence.

Face Long Terms

Labrizitta and Sargent face 25-year prison sentences. Burl Villers, driver of the mail truck, was forced to the curb last April 24. The three men took all registered mail pouches and left Villers locked in his truck at the edge of the city. Labrizitta and Sargent were arrested 10 days later.

LOS ANGELES, Feb. 20.—(UP)—Abraham Radick, alias "The Frisco Kid," was arrested early today as a suspect in an Ohio mail robbery and a \$75,000 Pittsburgh jewel robbery by detectives who were forced to use tear gas to dislodge him from an attic.

The suspected gangster fled to the attic as three Los Angeles detectives entered the residence where he had been living for more than a month.

Detective Lieut. Jack Koehn of the fugitive detail called to Radick to surrender. When the suspect did not answer, the officer fired his tear gas gun into the open trap door that led to the attic.

The officer heard Radick coughing and attempting to escape the fumes but he did not come out for 10 minutes. He then stumbled from the attic and was taken into custody by Lieut. Koehn who transported him to police headquarters.

Five Days Above Freezing

There were only five days during the month when the temperature at 7 a. m. was above freezing. The precipitation was 4.89 inches and the snow recorded was 14 inches.

The same amount of snow was recorded in January of 1918 but the precipitation record was 4.48 inches. January, 1918, had 18 cloudy days, two partly cloudy and 11 clear. There were 10 days the thermometer registered below zero and the lowest reading was —20, the highest 41 degrees. On the last day of the month eight inches of snow covered the ground and one of the unusual features of the winter was a heavy crust over the drifts. During February, 1918, there were only three days when the temperature was below zero.

So far this month the weather has equalled the February of 1918 in below zero readings. There have been 12 cloudy days and seven clear.

Toll of Stock, Birds

Frozen pigs, a heavy toll on game birds, ice jams and a series of blizzards with few equals in local weather history have been written in the records this year.

The sub-zero temperatures and the high percentage of moisture has ruined a large part of the corn crop for seed. Farmers have been warned to make careful tests of their corn before saving it for seed.

Dr. Clarke reported 50 peach trees were killed in his orchard in the winter of 1918 and he believes the arctic blasts this winter will take a heavy toll on orchards.

"This winter has been one of the worst I can remember," Dr. Clarke said. Residents are wondering what new tricks are in store for them during the spring and summer.

MINNEAPOLIS.—A 1925 Honduras airmail stamp, of which only two copies are known to exist, in the world was shown at the fourth annual Twin City Philatelic Society conference.

McMullen Witness

CANDID camera used at the court-martial of Col. Joseph McMullen in Washington catches Harry H. Woodring, above, assistant secretary of war, on the stand in the officer's defense. Colonel McMullen is charged with accepting fees from a purchaser of war department surplus goods.

SEVENTEEN YEARS LATER

GERMANY serving notice on Great Britain that she regards the colonies of which she was stripped by the Versailles Treaty as still owned by her is ominous. It implies an intent to get them back by force in the passage of the years if they cannot be restored by treaty arrangement. Therein is a challenge to all the other signatories to the peace pact and to Great Britain and France in particular.

The Germans had nothing to do with drawing the pact. They were marshaled in and bidden to sign on the dotted line. The only alternative was resumption of the World war and successful invasion of Germany by the allied forces. Since then a new generation has arisen under a new governmental form. It is building up the most powerful military machine in Europe and in air forces outranks any other nation. Is it any wonder British statesmen cannot sleep nights and that the French are badly worried about the massing of German troops near their frontier?

So alarmed are the British that they contemplate doubling their defense plans over a term of years. They are reported concerned not only at the extent of Germany's armament, but also at the speed with which it is being done. If it were not for the exceeding danger to peace that always accompanies an armament race, Britain's present embarrassed position might be regarded with irony. After all it was she, by entering into a bilateral naval agreement with Germany, who first publicly invited specific terms of the Versailles pact.

Today Italy, not even faintly approaching Germany in power, is waging a war of conquest in Africa, with the League of Nations fearful of imposing further sanctions, especially an oil embargo. Japan is unrestrained save by moral disapproval from her extension of power on the Asiatic mainland. Soviet Russia has created the world's most powerful army and contemplates extension of her slender sea power. Theoretically this huge force is for defense against Japan and Germany; its actual purpose is locked up in the minds of the few strong individuals in control of the great communistic experiment.

A lapse of seventeen years after the close of the "war to end war" sees in operation national ambitions comparable to, and vaster military machines than those that caused the world's greatest conflagration.

WORLD AT A GLANCE

The Franklin D. Roosevelt management does not take at all seriously assertions by such politicians as Governor Eugene Talmadge of Georgia that the present White House tenant will not even be renominated at the Democratic convention in June.

What does perturb them is the possibility of an ugly fight on the convention floor.

They greatly desire an appearance of harmony but by no means are sure of their ability to maintain it without a resort to steam roller tactics so crass as to create a worse scandal than an open-and-above-board row.

NO SEATS FOR TALMADGE

The Rooseveltians are not much afraid of Talmadge, indeed.

They take it for granted that the Georgian will be on hand with an anti-Roosevelt delegation, but they will have a contesting delegation of pro-Roosevelt complexion.

Credentialed committee will seat Talmadge and nothing will remain of the Talmadge aggregation to report to spatter ineffectively outside. They don't believe in the Georgia governor's power.

As for the commonwealth of Georgia, it can be carried out of the Roosevelt column of election.

A PROBLEM

There certainly will be a

AL HAS POWER

Of course the credentials committee will have the needed majority to do it. But will it be safe?

If Al is shut out, can Roosevelt conceivably carry New York?

He will lose up-state New York anyway. To swing the whole commonwealth he will have to arrive northward from the Battery at the Harlem river, with an enormous Manhattan majority. Can this be done if Al is grossly affronted?

Plenty of Rooseveltites are skeptical of it. Despite all that he has done to Tammany they surmise that he is stronger with the Tiger than James A. Farley is.

AL WILL CREATE SCENE

Whether to let Al into the convention or exclude him is a grave problem.

If he's admitted it is agreed that he will create a "scene."

If he is excluded it will be a sensation of the first magnitude. Gov. Talmadge can be shut out without any resultant political convulsion—but not Al Smith.

Large Crowd Expected
Howard Hall Post American
Legion is expecting a large crowd
to attend the dance it is sponsor-
ing Tuesday evening in Memorial
hall. This is the last public dance
scheduled to be held until after the
Lenten season.

An orchestra, popular with local
dance fans, has been secured. Earl
Hood and his 12-piece band from
Columbus will furnish music from
9 until 1 o'clock.

Allen Thornton is chairman of

the dance, proceeds of which are
to benefit the American Legion
highway safety campaign. A com-
mittee from the auxiliary will as-
sist the Legion by serving sand-
wiches and soft drinks.

Tickets may be purchased now
from any of the committee in-
cluding Mr. Thornton, Lawrence
Goeller, Ed C. Ebert, Paul Adkins,
Mack Parrett, Adrian Yates, Paul
Smith, Dr. H. D. Jackson, James
C. Henry, Mason, Floyd Hock,
Fred Hines, and Pete Johnson.

Hostess at Bridge
Miss Irene Parrett, W. Frank-
lin-st, entertained informally Wed-
nesday when she invited seven of
her friends for bridge in the after-
noon.

Mrs. Orion King was present
a favor for high score. A salad
course was served later in the
afternoon bringing the party to a
close.

Play is Feb. 24, 25
Rehearsals are progressing
rapidly and the cast of "Your
Telling Me," is ready for its pre-
sentations of the three-act comedy
next Monday and Tuesday even-
ings at the Lutheran parish house.

The production is being sponsor-
ed by the Luther league of Trinity
Lutheran church and the cast is
made up of members of the league
with Gladden Troutman as the
director.

Kit Carstairs, a victim of finan-
cial depression, is portrayed by
Margaret Riegel; Mrs. Venita Car-
stairs, her mother, by Eleanor
Westenhaver; Pamela Snowden,
Kit's dearest friend, by Betty
Barnes; George Carstairs, Mrs.
Carstairs' sleepy brother, Emil
Hrobon; Lloyd Hamilton, a
wealthy young man, Gladden
Troutman; Ward Wanger, his
pal, Ned Dresbach; Mrs. Annette
Regan, who has social ambitions,
Jeannette Bower; Marleen Regan,
her youngest daughter, Rosemary
Schreiner; Theoda Regan, who is
movie mad, Martha McCrady, and
Edward Larue, a young aviator,
Stanley Melvin.

The public is invited to attend
the performance. There will be no
admission but an offering will be
taken.

Chapel Choir to Sing
The Chapel Choir of Capital
university, Columbus, which gave
such a beautiful concert in Trinity
Lutheran church last winter, will
appear at Grace M. E. church in
Washington C. H. Sunday night at
8 o'clock, under the auspices of
the Cecilian Music club.

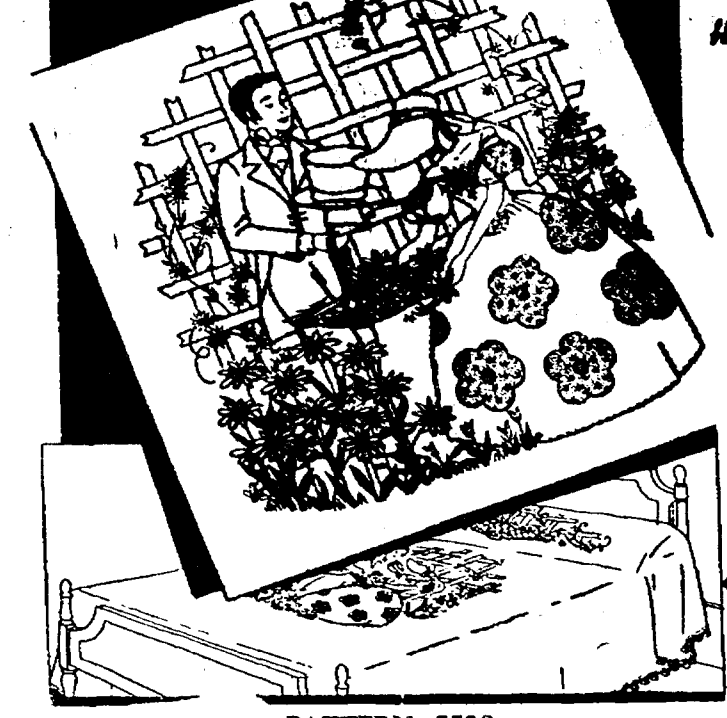

Many Circleville persons will be
interested in the concert in Wash-
ington C. H. Prof. Ellis E. Snyder,
director, will have seventy
persons in the choir Sunday night.

Saltcreek P. T. A.
Sixty members of the Saltcreek-
twp Parent-Teacher association
gathered for their monthly session
Wednesday evening in the Salt-
creek-twp school auditorium.

During the business transactions
the organization voted to buy

RECIPES

Pot Roast

Purchase a four or five pound
roast of beef, weigh, wipe with a
damp cloth. Skewer or tie in shape
if necessary. Melt two tablespoons
of drippings in a heavy kettle;
fry two tablespoons thinly sliced
onion until yellow but not brown.
Put the meat in, dredge with flour,
season with salt and pepper and
sear both sides until brown.

Then add two cups boiling
water, cover closely and cook
slowly two and a half hours, add-
ing water if it boils away. Half
an hour before serving, surround
the roast with pared and quartered
potatoes, small, whole carrots
scraped and peeled and a few par-
boiled little onions. Continue the
cooking until the vegetables are
tender. Add boiling water to the
gravy in the pot and thicken with
a little flour mixed with cold wa-
ter. Let the gravy boil a minute or

Signs for Part in Bing Crosby Picture

Comedian, Who Left Hollywood as Failure, Returns in Star's Role; Thursday's Features

Bob Burns has been signed by Paramount pictures to appear in the Crosby's next screen production which will be entitled "Rhythm in the Range." Thus the man who left Hollywood a year ago and considered himself a failure in pictures has become so important a star through the medium of radio that the producers came to him.

Last summer Burns began his radio career with a few guest star appearances. His popularity with the radio audience grew with each succeeding broadcast and he was finally signed to be a regular feature of Bing Crosby's Music Hall series broadcast each Thursday over NBC-WEAF at 10.

Since these broadcasts were to originate in Hollywood the Arkansas comedian went back to the same city where, in his own estimation, he failed to make good.

From Hollywood he has been broadcasting for the last two months and now his new-found fame at the microphone has brought him the success he didn't quite reach before. And of the pleasantest aspects of the whole affair, to Bob Burns, is that he will work with Bing Crosby in the movie studio as well as broadcasting studio.

"Rhythm in the Range" Bob Burns will be co-owners of a picture and but of this situation is the action which gives Bing Crosby to sing and Bob a chance to his dry western humor—and to an opportunity to play the comedy, that unusual instrument which Bob himself invented out of two pieces of gas pipe and a whiskey funnel.

MARYSVILLE "5" TAKES CBL LEAD FROM DELAWARE

Kingsmore's Boys Turn in 25-24 Victory; Foes of Tigers on Friday

Jerry Kingsmore's Marysville basketball team was resting in first place in the Central Buckeye league race today after defeating Delaware, 25 to 24, at Marysville Wednesday evening. The game was postponed from Tuesday because of National guard activities in the military camp.

Marysville led the entire game except for a moment in the fourth period when Delaware pulled ahead 17 to 16.

The Kingsmore men took a 5 to lead at the quarter and were ahead 13 to 8 at the half.

Marysville's scoring was evenly divided though Weideman led the team with seven. Simpson and Miller each hit for five and Clarridge and Cain, the latter one of the classiest guards in the league, tallied four.

Whetset, league's high scorer, punted nine points and Vandort, a guard, got seven for the players.

The Red and Black of Circleville high school has a chance to unseat the Marysville team Friday evening when the Union-co floor is invaded, but Coach Jack Landrum's boys will have to do better than they have been doing if they stand a chance. Marysville outplayed them on the local court and will have the psychology of a home court to aid them in their drive toward the title.

As a result of the defeat, Delaware drops to second place in the standing, the first time this year the college town boys have been out of the lead.

BUDDY BAER RETURNS TO RING, WINS KAYO

OAKLAND, Cal., Feb. 20.—(UP)—Buddy Baer, Max Baer's 48-pound younger brother whose fighting has been confined to exhibitions since he lost to Ford Smith of Montana in New York several months ago, returned to the ring to fight for keeps last night and emerged with a one-round knockout victory.

He stopped Wally Hunt, 219-pound San Diego heavyweight, but the victory lacked luster because Hunt at best made only a feeble effort to fight the giant Livermore youth. He covered up and appeared afraid of Baer.

BOWLING NEWS

Mykrantz Drugs knocked off Circleville Oil Co. bowlers two out of three games this week in the city bowling league. Total scores were low with the winners hitting 2,466 and the losers 2,346.

About This And That In Many Sports

17 Teams in Tourney
Tomorrow the annual county basketball tournament begins with 13 boys' teams and four girls' contestants listed. All the schools are represented by boys' quintets but state rules permitting girls to play only once a week has forced necessary elimination. The schools represented by girls are Darby-twp, Walnut-twp, Pickaway-twp, and Ashville.

Herald Has Tickets
Season tickets have been placed in all the schools by M. C. Warren, county superintendent, at \$1.25 for the entire schedule of games. Other tickets have been left at The Herald office where interested persons may obtain them. Admission price for each session is 35 cents with the ante going to 50 cents for the finals.

No Predictions Made
This column is making no predictions because there are enough good teams in the county to cause plenty of upsets. Ashville is the logical boys' champion, but everyone knows what happens to "logical" choices in this tournament.

Art Kaiser Banged Up
Here's some news for county fans—Art Kaiser, who did a lot of basketball playing for Walnut-twp, is recovering from cuts and bruises and torn ligaments as a result of attempting to wrap his automobile around a telephone pole.

Dizzy Individual
MR. J. H. (DIZZY) DEAN denies he's an "individual" player. Old Diz gives the team the best he has, and he's just one of the boys working for the club even when he's on the bench, says Old Diz. It just happens that he sends back an \$18,500 contract on the same day when his "individual" statement is given out to the world. And when he sends it back he says he ought to be worth \$40,000.

Mister Dean certainly is consistent. He can't be accused of being an individual player if he expects to get that much money out of the Cards. With \$40,000 the Cardinals could sign up enough individual ball players to make a full-sized team, with a couple of extra pitchers.

Jack Dempsey finds the ways of peace sweet and pleasant. He takes down a certain percentage from the sale of a chocolate candy bar. In the last five months Dempsey's earnings from the confection have averaged \$1,000 a month, all of which is turned over to a trust fund for his baby Joan. To borrow a term from the vocabulary of Old Diz Dean, little Joan surely must be called an "individual" baby!

Joe and Fitz
Joe Louis must be placed in the "individual fighter" class since turning professional, the Dusky Disintegrator of Detroit has averaged more than \$3,000 per round of fighting, and business is getting better all the time. Compared to what Old Diz wants for a whole baseball season, Joe Louis could almost be accused of individualism of a very rugged variety.

Mr. George H. Ruth is probably the man most responsible for the "individual" idea in baseball. Before the Babe started blasting them, outfielders used to have to pay their way into the park.

Florida and California Frogs Seek New Honor

Traditional Rivalry High; Woco Pep, Southern State's Entry, Now Holding 13 Feet 3 Inch Title

SARASOTA, Fla., Feb. 20.—(UP)—The rivalry that is more than traditional between Florida and California will reach a new height tomorrow at the first annual international Froglympics.

Then California frogs will attempt to recapture the world championship frog leap that a Florida frog, Woco Pep, won with a hop of 13 feet seven inches at Wauchula, Fla., July 4, 1934. Woco Pep out-stepped Budweiser, a California frog, who had set the previous record of 13 feet three inches at Angels Camp, Cal., May 20, 1932.

Woco Pep won that world mark in a jump-off. California frogs have never been the same since, and three leading jumpers from Angels Camp, made famous by Mark Twain's story concerning the frog filled with buckshot, are here to claim honors for the west coast.

Californians, however, believe there is something that makes a frog put forth that extra leap, so they have sent along with their entries phials of California air. Whiffs of it are to be given their frogs, which are expected to be so inspired that they will jump out of sight.

At least 50 frogs from half a dozen states have been entered. Gene Plowden, owner of a large stable of jumping frogs, is in charge of the Olympics. A frog-jumping course consists of a level square of ground, 25 feet, with troughs of water at each end. Flour covers the ground so the spectators can see where the frogs light. A frog about to jump in the contest is taken from a trough and faces the other trough filled with frogs, who act as decoys to lure the frog to be his jumpiest.

Approximately 10,000 spectators will see the longest hopper win first prize of \$50 and glory. The losers go to the frying pans.

COLUMBUS FANS TO SEE CHAMPION AT SWAN CLUB

COLUMBUS, Feb. 20.—(UP)—Lenore Kight Wingard, Cincinnati, holder of five national swimming championships, will give an exhibition here Feb. 23 in connection with a water circus to be sponsored by the Swan club, honorary women's swimming group, of Ohio State university.

CIRCLEVILLE WASTES TWO CAR LOADS MILK BOTTLES YEARLY

It was "Gymnasium" night at the high school Wednesday evening and a large crowd was present.

Four boxing matches, a girls' basketball game, diving contests for distance and height, and two volleyball games featured the evening.

In the main-go Billy Kellstadt won a decision over George Cur-tain. The only knock-down of the evening was in this contest. G. Conrad and F. Glitt tangled in another battle with the judges' decision being in favor of a draw. Both youths are sophomores.

C. Smith whipped C. Pritchard in a seventh grade contest, and H. Sayre won the verdict over H. Smith another seventh grade feud. The referee was Dick Plum and the judges Pinky Reichelderfer and Freddie Grant.

A volleyball team comprised of Chuck Styers, Dick Melson, Johnny McGinnis, Pinky Reichelderfer, Will Friley, and Dick Plum, defeated the faculty crew which included E. E. Reger, Fred Watts, Jack Landrum, Alton Day, Custodian Steve Jones, and Freddie Grant, 21-8 and 21-19.

In girls' volleyball the sophomores won 15-9 in a 20-minute contest while the seniors won over the junior girls, 5-3, in a basketball game.

Vernon Weiler and Richard Moon were the only students able to dive over six kneeling school-mates, while Jack Brown and Raymond Francis dove highest to win that honor.

15 FAST HORSES READY TO SEEK \$100,000 PURSE

Santa Anita Handicap Saturday; Tick On Latest Addition to Fine List

ARCADIA, Calif., Feb. 20.—(UP)—Fifteen horses today were believed definite starters in the \$100,000 added Santa Anita handicap Saturday, world's richest horse race purse.

One horse, C. P. Palmer's English-bred Flamenco was declared out by Trainer Matt Brady but his withdrawal did not reduce the field as Polo Player Neil McCarthy said his rejuvenated stud horse, Tick On, would be a certain starter.

Brammer to Ride
McCarthy yesterday signed Danny Brammer, leading jockey of the current Santa Anita meeting, to ride Tick On in the big race.

Brammer was signed after booting in three winners and two seconds on yesterday's program. He rode Tick On last Tuesday when the eight-year-old scored a 10 length victory over a field that included Howard, Flamenco and First Minstrel.

Tick On is the sire of a two-year-old running in Florida and a new crop of foals expected soon. He was brought out from stud last November but did not reach his best racing form until a few weeks ago. McCarthy was prompted to pay the \$1,000 fee required for starters by Tick On's love of mud.

Another horse that appears a definite starter as a result of the mud expected Saturday is Mrs. John Hay Whitney's Singing Wood. Loaded with but 109 pounds in the race, Singing Wood was expected to show more speed than in previous local engagements when he carried up to 126 pounds.

The field now stands as Discovery, Top Row, Time Supply, Singing Wood, Rosemont, Whopper, Azucar, Thursday, Riskulus, Ariel Cross, Scotch Bun, Tick On, He Did, Pre-Eminent and Pompey's Pillar.

PATTY BERG, 17, OUSTS EX-CHAMP FROM TOURNEY

PALM BEACH, Fla., Feb. 20.—(UP)—Playing every type of shot brilliant golf demands, 17-year-old Patty Berg, Minneapolis, cut her way into the semi-finals of the Palm Beach women's championship, where she meets Mrs. Leon Solomon of Memphis, today.

Maureen Orcutt Crews, veteran Miami shotmaker, and smiling Marion Miley, of Lexington, Ky., meanwhile will toe the firing line in the other semi-finals match for the right to play in tomorrow's 36-hole final.

Patty scored a magnificent triumph yesterday, outstroking Glenna Collett Vare of Philadelphia, five-time holder of the national women's crown, in a quarter-finals match. Mrs. Vare went down 3 and 2.

RED BIRDS WIN GIANT CLOUTER
Phil Weintraub Expected to Play First Base

COLUMBUS, Feb. 20.—(UP)—The Columbus Red Birds of the American association today secured First Baseman Phil Weintraub from the parent St. Louis Cardinals.

Weintraub went to the Cardinals this winter with Pitcher Roy Parmelee from the New York Giants in exchange for Second Baseman Burgess Whitehead.

Weintraub joined the Giants late in 1934. He had previously been with Nashville in the Southern association.

CITY AWAITS TAX COLLECTION TO PAY ITS EMPLOYEES

GENERAL FUND'S
TOTAL REDUCED
TO ONLY \$116.32Council Approves Budget
Authorizes Necessary Tax
Levies to Auditor

Councilmen adopted a resolution Wednesday night approving the city's budget and authorizing the necessary tax levies certified to the county auditor. This resolution is a regular routine procedure.

It lists funds to be obtained inside the ten mill limitation at \$57,039.57, and outside \$3,102.90. The levies inside the limitation were listed at 6.60 mills and outside .40 mills.

The financial report submitted to council by Ben Gordon, chairman of the finance committee, showed a balance of \$116.32 in the general fund. Since Feb. 1 no salaries or large bills have been paid. The city hopes to obtain a draft from the December tax collection as soon as the books are open to pay salaries of employees.

The complete report of the city's funds follows: general \$116.32, library \$3,370.87, auto street repair fund \$631.79, gas tax fund \$2,107.25, Berger hospital fund \$350.62, and Court-st and sewer project fund \$258.29. The total of all finances is \$6,834.94.

The report also stated outstanding bills of the city engineering department amounted to \$193.98. A part of this account was carried over from last year, Mr. Gordon announced.

PLANT PICKETING

AKRON, Feb. 20.—(UP)—Goodyear Tire and Rubber Co., today sought an injunction to restrain striking rubber workers from chain picketing and interference with Goodyear employees and shipments.

The company filed suit for the injunction in common pleas court after Sheriff James T. Flower announced plans to commission 1,000 special deputies to break mass picketing in protest of dismissal of 70 veteran tire builders.

BRIDGE REPAIRED, ROAD
IS OPENED TO TRAFFIC

Repairs on the iron bridge over Salt creek, damaged by a coal truck Tuesday night, were completed by employees of the county engineer's office Wednesday evening, and opened to traffic. A two-ton limit has been placed on the structure until a careful inspection is completed.

County employees also announced the Pickaway-Fairfield line road, closed by snow drifts, was opened to traffic Wednesday evening.

for \$11,000,000

PHILADELPHIA, Feb. 20.—(UP)—A suit seeking recovery of \$11,208,457.11 from the United Gas Improvement company was filed today by Mayor S. Davis Wilson in behalf of the city, which alleged that the company had made "illicit profits."

The suit also asked dismissal of the municipal gas commission on the contention that the commissioners were "advised and informed" of the alleged improper practices.

Charges that the company failed to comply with a contract entered into with the city, the suit contended that the company bought gas from the Philadelphia Coke company for 39 cents per thousand cubic feet while the fuel was being made for 26 cents in the Philadelphia Gas Works company, which is city-owned.

In addition to the United Gas Improvement, defendants named in the suit included the Philadelphia Gas Works company and Conrad N. Laurer, Murtha P. Quinn and Samuel M. Vaulain, members of the gas commission.

SNOW AND RISE
IN TEMPERATURE
SEEN FOR OHIO

Continued from Page 1

weary midwesterners hailed a rise to zero and above as genuine relief from the prolonged bitter cold.

Moderation Expected
Forecasters predicted a further moderation late today and tomorrow but would make no forecasts of continued relief over the week-end. Light snows were forecast for most of the midwest.

Huge drifts continued to defy motorists and railroads in Iowa and the Dakotas. Traffic in Iowa between Rockwell City and Des Moines on the Milwaukee line was halted when six freight cars were derailed.

Four carloads of coal for shivering residents of Audubon, Ia., were pulled back to Atlantic because of drifted tracks. A snow-plow pushed by two engines was stuck last night south of Audubon.

Weather bureau records for continued cold continued to topple. Watertown, S. D., has suffered nearly 400 hours of continuous below zero weather.

Fifty starving deer, too weak to climb river banks to feed on sparse grass, were fed by CCC workers who distributed a ton of hay at the Pine River basin near Cadillac, Mich.

A policeman rescued two German shepherd dogs from an ice floe off the Chicago shore of Lake Michigan after a large crowd collected, believing the dogs to be wolves.

The state department of conservation issued an oral permit to kill a Grebe or "hell diver" frozen in the Chicago river in the downtown district. The bird was shot.

Rescue parties continued efforts to reach snowbound villages in the black hills of South Dakota.

With snowbound farmers unable to bring their produce to market, butter and eggs prices in Chicago and other cities advanced to a six-year high.

Because of the observed changes in the direction of the magnetic needle from year to year, it is believed that the magnetic poles are not stationary; but their motion is undoubtedly slow.

BROWN'S ACTION
IRES BORAH-MEN

Former Postmaster-General to Support Landon in Ohio

WASHINGTON, Feb. 20.—(UP)—Ohio became the battleground today of at least three men seeking the Republican presidential nomination at Cleveland in June.

Injection of Gov. Alf Landon's name into the fight for pledged delegates at the May 12 state primary brought a caustic statement from supporters of Sen. William E. Borah, who has filed for the nomination.

The third party in the three-way fight for delegates is expected to be Frank Knox, Chicago publisher. Knox has been making an active speaking campaign for months throughout the country.

Efforts of Walter Brown, national committeeman from Ohio, on behalf of Landon, Kansas governor, brought a charge from Carl G. Bachmann, chairman of the National Borah for President committee, that improper use was being made of the Ohio Republican state central committee.

Bachmann said efforts of Brown to use the committee for the nomination and election of Landon-pledged delegates "will not disturb the well-laid plans to nominate and elect a full slate of Borah delegates" in Ohio.

Don't be carried away by price appeals alone, there are two sides to the story of LOW PRICED WHISKEY

WINDSOR

has BOTH—you'll like BOTH!

THE PRICE SIDE

Windsor—a straight Bourbon whiskey—was planned to be within the reach of the average man's purse. It was in answer to a wide demand for a good old-fashioned Bourbon whiskey at a rock-bottom price. As its production boomed after America's enthusiastic reception, its price went lower, and now today, Windsor is one of the nation's outstanding whiskey bargains.

46¢
1/2 PINT

THE TASTE SIDE

Low price represents true value only if the taste pleases. Windsor does more than that. You'll find it not only good whiskey but the best whiskey you've ever tasted at this price. Only a great distilling organization could achieve the economies necessary to make so good a whiskey at so low a price. Don't miss Windsor. A whiskey that bears the seal of National Distillers must be good.

COMPARE

Shop wisely. Compare Windsor with any other straight whiskey in its price class—for taste, for bouquet, for mixing qualities! Be sure you get the best whiskey value for your money. Be sure it's made by a reputable distiller. You'll choose Windsor!
